this book is organised in a way of listening to a dialogue between theoretical approaches it represents an effort to build bridges between the different ways both psychoanalytical and systemic of thinking about the shame and humiliation and its context which can cross fertilise each other

shame and humiliation explores a sub set of universal emotions that are usually labelled as negative because of the sense of unease that they generate when we experience them and the tenacity with which we try to avoid them they can thus becoming powerful instruments in the power games of our species making their mark in both well intentioned education as well as in merciless relations of oppression universal as they may be though these emotions are experienced and displayed in varied ways according to the mandates of different cultures and the vicissitudes of different socio cultural strata shame and humiliation are therefore two key emotions that can cause deep suffering as

well as contribute to orient our social life some of the noblest and the most villainous acts are fueled by these emotions from self sacrifice to bloody revenge

the female body with its history as an object of social control expectation and manipulation is central to understanding the gendered construction of shame through the study of 20th century literary texts the female face of shame explores the nexus of femininity female sexuality the female body and shame it demonstrates how shame structures relationships and shapes women s identities examining works by women authors from around the world these essays provide an interdisciplinary and transnational perspective on the representations theories and powerful articulations of women s shame

death penalty has produced endless discourses not only in the context of prisons prisoners and punishment but also in various legal aspects concerning the validity of death penalty the right to life and torture death penalty is embedded in indian law however very little is known about the people who are on death row barring a few media reports on them the main objective of this book is to enquire whether the dignity of prisoners is upheld while they confront the criminal justice system and whilst surviving on death row additionally it explores the lived experiences and perceptions of prisoners on death row as they create meaning out of their world with this rationale 111 prisoners on death row in india and some of their family members were interviewed the theoretical underpinnings of phenomenology and symbolic interactionism coupled with data analysis lead to an understanding of the prisoners on death row with special reference to their demographic profile and the impact of death sentence on their families george s research highlights three salient features namely poverty social exclusion and marginalisation are antecedent to death penalty death penalty is a constructed account by the state machinery and prisoners on death row situate dignity higher in the juxtaposition of death and dignity

from libya in the east to the gulf peninsula in the west the arab spring has shaken entrenched regimes decades old dictatorships have fallen after mass protests whilst the final outcome is unclear the historical importance of these events is beyond doubt farhad khosrokavar contextualizes the demands of the protesters he looks beyond the arab world to show how the movements are leaving a deep imprint on countries like iran and how a new conception of democracy is emerging in the region challenging traditional ideas looking to the future khosrokavar discusses how the new movements may change the world

nonviolent alternatives for social change is a component of encyclopedia of social sciences and humanities in the global encyclopedia of life support systems eolss which is an integrated compendium of twenty one encyclopedias this volume gives a comprehensive review on understanding nonviolence in theory and practice ethics and nonviolence countering with nonviolence media myopia and the power of nonviolent social change paths to social change conventional politics violence and non violence defending and reclaiming the commons through nonviolent struggle nonviolent methods and effects of the world nuclear disarmament movement humiliation and global terrorism how to overcome it nonviolently it at the following five major target audiences university and college students educators professional practitioners research personnel and policy analysts managers and decision makers and ngos

psychological investigations lets readers listen in on one of the most exciting developments in psychology today as it is unfolding with the current trend in therapy reflecting a movement away from traditional psychology and towards more postmodern psychologies social therapy a psychotherapeutic approach developed by fred newman emerges as a qualitatively new way of doing therapy social therapy blends philosophy the arts and political concerns into a group approach that focuses on improved social functioning

psychological investigations provides insight into the revolutionary development of social therapy an improvisational investigatory development focused method of treatment featuring dialogues drawn from transcripts of teaching and supervisory sessions between newman and therapists the book presents a comprehensive guide to the core philosophical and political issues of social therapy and the social therapeutic group process instead of introspection and insight traditional means to self realization newman and social therapy encourages activity involvement and commitment to causes larger than the individual ego

this book is part of the nato science for peace and security series e human and societal dynamics and is based upon the presentations of a nato research workshop by the same title there are many recent examples of terrorist acts committed by radicalised europeans with an immigrant heritage in 2004 the dutch filmmaker theo van gogh was assassinated by a dutch citizen from morocco origins because he produced a movie portraying islam in an unconventional manner the same year in the united kingdom the police foiled a potential terrorist attack and arrested eight men all of whom were british citizens of pakistani descent why some individuals with a migrant background become radicalised issues about marginalisation societal exclusion lack of integration feelings of isolation powerlessness and humiliation are all part of the problem no amount of military or other coercive action will in itself do the trick of countering terrorism effectively without remedial action based upon a thorough knowledge of the underlying processes involved this book is meant to be a small but significant step in that direction with this purpose it gathers the views of a wide range of multidisciplinary experts about how to prevent home grown terrorism and what strategies should be developed to hinder its development it includes recommendations on how to counteract processes that provide a fertile subsoil for terrorism to develop how to interfere in the recruitment of potential terrorists and specific research recommendations with a special focus on young muslims in europe this publication is of interest to all international relations and security and defence specialists with a special relevance to those involved in the study of terrorism as a global threat

11 turning to violence hazarding intent in central new ireland 12 ancestral vigilance and the corrective conscience in kwaio kastom as culture in a melanesian society afterword frustrating modernity in melanesia index

twenty three years after broken heart made a splash as a bestseller the author has revised his work and examined new data linking loneliness to most causes of premature death

pedagogies of kindness and respect presents a wide variety of concepts from scholars and practitioners who discuss pedagogies of kindness an alternative to the no excuses ideology now dominating the way that children are raised and educated in the u s today the fields of education and especially early childhood education include some histories and perspectives that treat those who are younger with kindness and respect this book demonstrates an informed awareness of this history and the ways that old and new ideas can counter current conditions that are harmful to both those who are younger and those who are older while avoiding the reconstitution of the romantic innocent child who needs to be saved by more advanced adults two interpretations of the upbringing of children are investigated and challenged one suggesting that the poor do not know how to raise their children and thus need help while the other looks at those who are privileged and therefore know how to nurture their young these opposing views have been discussed and problematized for more than thirty years pedagogies of kindness and respect investigates the issue of why this circumstance has continued and even worsened today

new essays on psychological trauma deriving from middle east conflict

the most wide ranging book ever published on gender selective mass killing or gendercide this collection of essays is also the first to explore systematically the targeting of non combatant battle age males in various wartime and peacetime contexts representing such fields as sociology political science psychology queer studies and human rights activism the contributors explore themes and issues outlined by editor adam jones in the book s opening essay in that article which provoked considerable debate when it was first published in 2000 jones argues that throughout history and around the world the population group most consistently targeted for mass killing and state backed oppression are non combatant men of roughly fifteen to fifty five years of age such males jones contends are typically seen as the group posing the greatest danger to the conquering force jones s article also examines the use of gendercidal institutions such as female infanticide witch hunts military conscription and forced labor against both women and men the subsequent essays some original some drawn from a special issue of the journal of genocide research and other sources expand diversify and criticize this framing of gendercide they range from a sophisticated theoretical analysis of gendercide to in depth treatments of such topics as the rwandan genocide of 1994 the gendercidal oppression of young african american males the predicament of gays and lesbians in the face of increasing biotechnological manipulation of human behavior and the psychology of shame and humiliation underlying generdercides against both sexes still other articles take issue with jones s theories of gendercide or explore how human rights organizations have defined documented and responded to gendercide and other sex specific atrocities a closing essay considers the relevance of feminist and men s studies literatures for the study of gendercide
