this key text offers the first overview of the strengths based approach in social work from the uk perspective

social representations in the social arena presents key theoretical issues and extensive empirical research using different theoretical and methodological approaches to consider the value of social representation theory when social representations are examined in real world contexts this comprehensive text brings together international experts to explore the relevance of a variety of applications of social representation theory in both institutional and organizational settings and discusses how social representation theory compares with other constructs of social psychology areas covered include justice leadership health and mental illness intergroup relations identity politics environment and tourism economics this book will appeal to a range of academic researchers and practitioners from a variety of fields who are concerned with the application of social representation theory to various contexts as a heuristic tool for addressing and understanding relevant societal issues faced with social demand

artificial intelligence ai has been fast growing since its evolution and experiments with various new add on features human

efficiency is one among those and the most controversial topic this chapter focuses on its attention towards studying human consciousness and ai independently and in conjunction it provides theories and arguments on ai being able to adapt human like consciousness cognitive abilities and ethics this chapter studies responses of more than 300 candidates of the indian population and compares it against the literature review furthermore it also discusses whether ai could attain consciousness develop its own set of cognitive abilities cognitive ai ethics ai ethics and overcome human beings efficiency this chapter is a study of the indian population s understanding of consciousness cognitive ai and ai ethics

written in an accessible style this title introduces theory as an explanatory framework that is drawn upon by the social worker to inform their decision making process by helping to make sense of what is going on

human beings are an intrinsically gregarious species our personal relationships are of immense interest to us and are a key factor in achieving happiness and well being from the moment of birth humans crave love and intimacy and we devote much energy to creating and maintaining successful personal relationships throughout our personal and our working lives however modern industrialized societies present a particularly challenging environment for sustaining rewarding personal relationships understanding how people initiate develop maintain and terminate relationships is one of the core issues in psychology and the subject matter of this book contributors to this volume are all leading researchers in relationship science and they seek here to explore and integrate the subtle influence that evolutionary socio cultural and intra psychic cognitive affective and motivational variables play in relationship processes in addition to discussing the latest advances in areas of relationship research they also advocate an expanded theoretical approach that incorporates many of the insights gained from evolutionary psychology social cognition and research on affect and motivation the contributions should be highly relevant to researchers teachers students laypersons and to everyone who is interested in the subtleties of human relationships the book is also highly recommended to clinical health and relationship professionals who deal with relationship issues in their daily work

robotics science and systems viii spans a wide spectrum of robotics bringing together contributions from researchers working on the mathematical foundations of robotics robotics applications and analysis of robotics systems

collective monograph

rules about sexuality written and unwritten have existed in every culture as have disagreements over what is and isn't acceptable must morally permissible sex have only one function must it be heterosexual must it occur within the confines of the institution of marriage must it be accompanied by requisite emotions such as love and intimacy

the past two decades have seen an outpouring of work in legal theory that is self-consciously critical of aspects of American law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of American law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide-ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best

the past thirty years have witnessed a renaissance in Lockean scholarship new work and new thinking has now recast our most basic comprehension of John Locke 1623-1704 as a political theorist and of Locke's two treatises of government as a historical document this collection of essays investigates the implications of the new scholarship for our understanding of Locke's political thought and its impact upon the liberal tradition John Locke's two treatises of government has long been recognized as one of the great works of political philosophy three centuries after it was written students and scholars continue to study it for insights into

the intellectual origins of the modern world and for a better understanding of such fundamental concepts as natural rights social contract limited government and the rule of law the seven essays in this volume explore various dimensions of locke s two treatises the introductory essay places the new scholarship in a historical context the next four essays show how this recent literature has affected our view of particular aspects of the two treatises its theory of politics its religious underpinnings its theory of rationality and its conception of the relationship between politics and economics the final two essays discuss how the new scholarship has changed our understanding of the impact of the two treatises upon political thought in the eighteenth and late twentieth centuries included at the end of the text is an extended secondary bibliography on john locke s two treaties these essays do not seek closure nor do they set forth a single correct interpretation instead they offer readers a deeper appreciation of how our view of locke s two treatises has changed over the last three decades and the importance of those changes in understanding of the liberal tradition a solid contribution to the literature bringing together some of the best new scholarship on locke and reflecting the diversity breadth and depth of the current debate on both locke and early liberalism the editor s selection clearly demonstrates there is no single orthodox reading of locke and conveys the intellectually lively debate that pervades the field today ronald j terchek author of locke smith mill and the liberal concept of agency
