in development circles there is now widespread consensus that social entrepreneurs represent a far better mechanism to respond to needs than we have ever had before a decentralized and emergent force that remains our best hope for solutions that can keep pace with our problems and create a more peaceful world david bornstein s previous book on social entrepreneurship how to change the world was hailed by nicholas kristof in the new york times as a bible in the field and published in more than twenty countries now bornstein shifts the focus from the profiles of successful social innovators in that book and teams with susan davis a founding board member of the grameen foundation to offer the first general overview of social entrepreneurship in a q a format allowing readers to go directly to the information they need the authors map out social entrepreneurship in its broadest terms as well as in its particulars bornstein and davis explain what social entrepreneurs are how their organizations function and what challenges they face the book will give readers an understanding of what differentiates social entrepreneurship from standard business ventures and how it differs from traditional grant based non profit work unlike the typical top down model based approach to solving problems employed by the world bank and other large institutions social entrepreneurs work through a process of iterative learning learning by doing working with communities to find unique local solutions to unique local

problems most importantly the book shows readers exactly how they can get involved anyone inspired by barack obama s call to service and who wants to learn more about the essential features and enormous promise of this new method of social change social entrepreneurship what everyone needs to know is the ideal first place to look what everyone needs to know is a registered trademark of oxford university press

convinced that organisational success and survival depends upon entrepreneurial qualities of innovation flexibility and speed researchers and managers examine the links between strategy research and entrepreneurship research in this collection

this book describes several vital principles of what constitutes an entrepreneurial culture the most important principle of an entrepreneurial culture is that entrepreneurship is for everyone and people can assume the economic function of the entrepreneur easier than ever before in human history further the market institutions allow everyone to participate in the marketplace human interaction and cooperation are the essences of entrepreneurship carried out in the marketplace this book casts light on the most critical fact entrepreneurship is for the few the wealthy or the lucky this book debunks those narratives by explaining that entrepreneurship can be for anybody for real people in the real world entrepreneurship is the cornerstone for the making of any society it is within human nature to cooperate and do good through the marketplace mechanisms an entrepreneurial culture grows out of the act of human cooperation

this innovative book proposes a new way of analysing the market process focusing on market making entrepreneurs synthesising key insights from mainstream economics modern entrepreneurship theory and network theory mark casson examines how market segmentation driven by location and culture generates opportunities for profit for entrepreneurs
