the exciting next book in the bestselling jedi sith bounty hunter series has arrived the empire has taken hold of the galaxy and high ranking officials from each branch of the military have created an imperial handbook compiling tactical guidelines and procedures as well as mission reports and classified documents for all newly ascending commanders this comprehensive manual details secrets of imperial battle tactics acceptable actions for bringing swift justice to traitors and the emperor's long term plan for galactic military domination after the battle of endor this copy of the imperial handbook fell into the hands of the rebel alliance well known rebels provide a humorous running counter commentary to the official imperial propaganda in the form of handwritten annotations in the margins of the pages and tm lucasfilm ltd used under authorization

set in world star wars the imperial handbook shares the knowledge of a newly promoted commander in the imperial military providing a comprehensive overview of the imperial war machine

this book provides the first detailed and comprehensive examination of all the materials making up the star wars franchise relating to the portrayal and representation of real world history and politics drawing on a variety of sources including films published interviews with directors and actors novels comics and computer games this volume explores the ways in which historical and contemporary events have been repurposed within star wars it focuses on key themes such as fascism and the galactic empire the failures of democracy the portrayal of warfare the morality of the jedi and the representations of sex gender and race through these themes this study highlights the impacts of the fall of the soviet union the war on terror and the failures of the united nations upon the galaxy far far away by analysing and understanding these events and their portrayal within star wars it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues the history and politics of star wars is useful for upper level undergraduates postgraduates and scholars of a variety of disciplines such as transmedia studies science fiction cultural studies and

world history and politics in the twentieth and twenty first centuries

this book presents a study of the history of ancient chinese books not only highlighting specific aspects of the ontology of book history such as printing and publishing but also analyzing the internal and external causes of the development of book undertakings from a macro perspective placing the development of and changes in the history of books in the context of social development it investigates its interaction with politics economy society education and religion especially with the big culture and constructs a book centered history of ancient chinese culture

beginning with one of the crucial technological breakthroughs of western history the development of moveable type by johann guttenberg the history of the book in the west 1455 1700 covers the period that saw the growth and consolidation of the printed book as a significant feature of western european culture and society the volume collects together seventeen key articles written by leading scholars during the past five decades that together survey a wide range of topics such as typography economics regulation bookselling and reading practices books whether printed or in manuscript played a major role in the religious political and intellectual upheavals of the period and understanding how books were made distributed and encountered provides valuable new insights into the history of western europe in the fifteenth sixteenth and seventeenth centuries

after two decades of war on terror it is particularly important for both academic and policy purposes to clearly understand why the us formidable mobilization of means and might has transformed into a such a blatant geostrategic defeat of the us and its allies in the broad middle east this is all the more paradoxical that the wot achieved a series of tactical victories such as the toppling of hostile regimes in afghanistan iraq and libya the crippling of the national economies of enemy states by sanctions the successful targeted killing of lead terrorist usama bin laden isis cult leaders abu bakr al baghdadi and his successor etc so why have these tactical victories not led to what was supposed to become according to the us government a greater middle east with most authors being from or living in the middle east this book is unique as it brings perspectives and answers from the region this is crucially important as we are entering we argue the era of a post american middle east chapters 1 and 10 are available open access under a creative commons attribution 4 0 international license via link springer com

takes a diverse look at the development of globalization this work contains an introduction by harry f dahms it also includes five chapters and two commentaries from some of the most respected personalities in the field
