what is structuralism how is it possible and once the structures of structuralism have been discovered how is poststructuralism possible thus begins don palmer s structuralism and poststructuralism for beginners if nobel or pulitzer ever made a prize for making the most difficult philosophers and ideas accessible to the greatest number of people one of the leading candidates would certainly be professor don palmer from his sartre for beginners and kierkegaard for beginners to his looking at philosophy author illustrator don

palmer has the magic touch when it comes to translating the most brutally difficult ideas into language and images that non specialists can understand in its less dramatic versions writes palme structuralism is just a method of studying language society and the works of artists and novelists but in its most exuberant form it is a philosophy an overall worldview that provides an account of reality and knowledge poststructuralism is a loosely knit intellectual movement comprised mainly of ex structuralists who either became dissatisfied with the theory or felt they could improve it structuralism and poststructuralism for beginners is an illustrated tour through the mysterious landscape of structuralism and poststructuralism the book s starting point is the linguistic theory of ferdinand de sausser the book moves on to the anthropologist and literary critic claude lévi strauss the semiologist and literary critic roland barthes the marxist philosopher louis althusser the psychoanalyst jacques lacan the deconstructionist jacques derrida learn among other things why structuralists say reality is composed of not things but relationships every object is both a presence and an absence the total system is present in each of its parts the parts are more real than the whole the book concludes by examining the postmodern obsession with language and with the radical claim of the disappearance of the individual obsessions that unite the work of all these theorists

this welcome new resource for international students in art design and media provides clear explanations of the terminology they must master in order to fulfill their academic potential and enrich their professional careers offers a much requested new resource that fills a gap in the academic market tailored specifically to the needs of international students in art design and media color coded key words and phrases for quick reference includes sections on study skills academic expectations in western institutions methodologies and important theorists an ideal handbook for curators and gallery staff everywhere for whom english is a non native language

if you are like most people you re not sure what postmodernism is and if this were like most books on the subject it probably wouldn t tell you besides what a few grumpy critics claim postmodernism is not a bunch of meaningless intellectual mind games on the contrary it is a reaction to the most profound spiritual and philosophical crisis of our time the failure of the enlightenment jim powell takes the position that postmodernism is a series of maps that help people find their way through a changing world postmodernism for beginners features the thoughts of foucault on power and knowledge jameson on mapping the postmodern baudrillard on the media harvey on time space compression derrida on deconstruction and deleuze and guattari on rhizomes the book also discusses postmodern artifacts such as madonna cyberpunk buddhist ecology and teledildonics

comprehensive in its coverage the womanist reader is the first volume to anthologize the major works of womanist scholarship charting the course of womanist theory from its genesis as alice walker s african american feminism through chikwenye okonjo

ogunyemi s african womanism and clenora hudson weems africana womanism to its present day expression as a global anti oppressionist perspective rooted in the praxis of everyday women of color this interdisciplinary reader traces the rich and diverse history of a quarter century of womanist thought featuring selections from over a dozen disciplines by top womanist scholars from around the world plus several critiques of womanism an extensive bibliography of womanist sources and the first ever systematic treatment of womanist thought on its own terms layli phillips has assembled a unique and groundbreaking compilation

steiner focused on human freedom and ethics and expanded goethe s writings on nature into a major philosophical treatise

gender isn t what it used to be categories are collapsing what was deviant for baby boomers has become mainstream for their offspring like the coed who realizes she s bisexual but after a period of adjustment shrugs her shoulders and gets on with her otherwise mundane life gender as we once understood it is over and gender bending is the new beat men sport ponytails and earrings and teach nursery school women flaunt tatoos and biceps and smoke cigars in the end of gender shari l thurer argues that we are in the midst of a new sexual revolution it is one where gender categories are blurring not just at the fringes of society but in mainstream lifestyle media fashion and art so why is this cultural phenomenon happening now and what does it mean in lively non technical language and with sometimes surprising case studies from her 25 years as a psychologist thurer answers these questions bridging complex postmodern theory with cutting edge psychoanalysis

are you confused by academic jargon do you know your discourse from your dialectic can you tell the difference between anomie and alienation the social science jargon buster tackles the most confusing concepts in the social sciences breaking each down and bringing impressive clarity and insight to even the most complex terms this book successfully addresses the central task for any teacher of social theory how to make the material accessible without making it simplistic and banal the overall effect is a most effective text that hard pressed students and lecturers will grab with both hands dave harris senior lecturer in social science this practical down to earth dictionary will help students new to social science discourse gain a thorough understanding of the key terms each entry includes a concise core definition a more detailed explanation and an introduction to the associated debates and controversies in addition students will find a useful outline of the practical application of each term as well as a list of key figures and recommendations for futher reading this dictionary brings a refreshing clarity to social science discourse making it essential reading for all students on undergraduate social science courses

garcia marquez for beginners introduces readers to the life and work of the acclaimed author whose magical realism represents the spirit and voice of latin america

this book explores posthuman and multiplistic theories and concepts to decenter the researcher in intimate research also featured are conversations with posthuman scholars such as rosi braidotti who highlight the possibilities and challenges of decentering the researcher as a practice of social justice research

an essential guide to one of the most vital contemporary historians howard zinn has led a revolution in writing history by telling the story not from the standpoint of the rulers but of the individual and the masses zinn tells the story of columbus from the perspective of the native people who were terrorised for gold of the civil war from the slaves and civilians who lost their lives at the hands of generals and of the spanish american war from the perspective of mark twain zinn s fresh bold new take on history has earned him a devoted following

looks at structuralism deconstruction cyberspace and semiotics and postmodern icons

the genocidal mind offers unique and under explored analyses of the holocaust and the phenomenon of 20th century genocide within a sociological framework with reference to contemporary scholarly work and using the latest in social structural psychoanalytical post modern chaos and uncertainty theory dr porter attempts to explain why people dehumanize and kill other innocent people the author also probes the deviant sexual side of the nazi party including the mind of adolf hitler

overview 007 086413 2 softcover 448 pp copyright 2001 11 2000 41 95 revised to ensure up to date coverage of key issues in accordance with its high academic reputation while introducing a new reader friendly design families changing trends in canada has always been a widely adopted text for the first course in sociology of the family maureen baker s aim as general editor has been to create a canadian textbook in family studies for post secondary students which incorporates an interdisciplinary historical comparative and mainly structural perspective but which is inclusive of various theoretical perspectives the newly added pedagogical elements will engage students taking the course at universities and community colleges the fourth edition of families reflects the evolving nature of the family by paying increased attention to gay lesbian and multicultural issues it includes updated statistics and discussion of recent legal reforms providing students with background on three censuses and other demographic surveys new studies in social history recent legal debate and the growing focus on cultural variations in families the fourth edition also offers new theoretical approaches that incorporate poststructuralist and feminist theory in order to help students understand how family gender relations and personal life have been influenced by post industrial or post modern society most contributors are sociologists but several have formal qualifications or a research background in psychology education women s studies history and social policy the result is a text that shows that family life in canada as elsewhere is in a constant state of change

the purpose of professor isaac s study is to determine how five women leaders from male dominated colleges and five from female dominated fields achieved and maintained their roles specifically professor isaac interviewed these women to examine their definitions of leadership the term leadership metaphorically embodies a gendered division of labor where institutions are dominated by masculine structures this research provides a better understanding of the local context of societal relationships as men do not simply oppress women but women can negotiate power and become leaders interviewees were asked questions about their backgrounds and how they use power in their daily lives results showed that masculine descriptions of leadership predominated but these women stressed cooperation and service in their own definitions of leadership and were uncomfortable with authoritative power the interviewees desired to produce power through delegation and shared governance but also controlled power deliberately their expressions of power resided in convincing faculty of organizational ownership women leaders who avoided aggressive strategies suffered fewer social consequences

author terrence gordon begins with a lucid definition of language and proceeds to examine how language becomes the subject matter of linguistics topics include the contrast between writing and speech and elementary lessons in different levels of analysis from sounds to sentences here absurd fictions are explored and the borderlands between linguistics and philosophy are investigated

post structuralism is recognised as a major force within literary and cultural studies this book is the first to apply the theory to politics and to show the ways in which it can illuminate political theory and analysis as such it is likely to become a key text in the development of this area providing a stimulating introduction to the subject authors explore the two way relationship showing not only that post structuralism can enhance the study of politics but also that advocates of post structuralism can benefit from being open to the lessons political studies can teach the book aims to clarify the relationship of contemporary theory to politics open up a new intellectual interface create a space for exchange between disciplines provide a statement of the role of post structuralist theory in politics covering three main sections what is post structuralist political theory post structuralism and political analysis and the question of the political the authors draw on themes raised by continental thinkers such as derrida nancy and deleuze and anglo american thinkers such as butler and connolly in their questioning of the theoretical and empirical understanding of contemporary politics key features first systematic examination of post structuralism to see what it may mean for political studies advances its own rigorous and theoretically informed position cutting edge provides a vibrant introduction to this area of political thought and analysis brings clarity to the two way relationship between post structuralism and politics

sartre for beginners is an accessible yet sophisticated introduction to the life and works of the famous french philosopher jean paul sartre sartre was a member of the french underground during wwii a novelist a playwright and a major influence in french political

and intellectual life the book opens with a biographical section introducing the significant events in the life of the man who coined the term existentialism then it examines sartre s early philosophical works ideas from sartre s other fictional and dramatic works are discussed but the greatest part is the presentation of the main concepts from sartre s being and nothingness 1943 these include the topics of consciousness freedom responsibility absurdity bad faith authenticity and the hellish confrontation with other people finally the book deals with sartre s modification of his early existentialism to compliment his conversion to a kind of existential marxism sartre for beginners summarizes the work of the most renown philosopher of the 20th century
