this book offers both an understanding of newspaper reporting and a means for readers to develop their own critical analysis using a wealth of contemporary case studies students are taught how the language of journalism works providing students with an accessible and user friendly guide to analyzing newspapers around the globe

first published in 1987 this book presents a series of case studies that illustrate the structures of national and international news in the press it first summarizes our discourse analytical theory of the processes and structures of news reports as it has been developed in the last five years

it is much better observed c wright mills in an essay on intellectual craftsmanship to have one account by a working student of how he is going about his work than a dozen codifications of procedure by specialists who often as not have never done much work of consequence this observation underscores the premise of this book that there is a need for students to communicate the procedures and strategies of field research they have found consequential in their own studies to the less instructed or less experienced the contributors to this book are well known researchers and share their field developed techniques of research craftsmanship the pathways to data they describe wind in a common direction toward a concern with research happenings in situations in agencies

associations institutions campaigns demonstrations and goal directed social movements the selections included in pathways to data are neither biographies of research projects nor subjective evaluations of personal experiences rather the writers emphasize techniques operations and know how pathways to data s chapters are collateral cousins to the collection of research biographies found in sociologists at work another classic in the field but the lineage or progression of thought traces back to the webbs methods of social study and is most closely related to the glaser and strauss volume the discovery of grounded theory the contributors to this book reflect a common concern with organization in the down home sense of social bonds opening and closing of self involvement and most importantly social structure process is stressed above system becoming over being seen programatically field methods deliver data to concepts and techniques are grounded in the heuristic value such data display theory is grounded in concepts validated by the effectiveness with which they give meaning to the data the production of social knowledge is symmetrical reciprocal but analyti provided by publisher

evaluation is the linguistic expression of speaker writer opinion and has only recently become the focus of linguistic analysis this book presents the first corpus based account of evaluation one hundred newspaper articles collated to form a 70 000 word comparable corpus drawn from both tabloid and broadsheet media the book provides detailed explanations and justifications of the underlying framework of evaluation as well as demonstrating how this is part of the larger framework of media discourse unlike many other linguistic analyses of media language it makes frequent reference to the production circumstances of newspaper discourse in particular the so called news values that shape the creation of the news cutting edge and insightful evaluation in media discourse will be of interest to academics and researchers in corpus linguistics and media discourse the handbook of news analytics in finance is a landmark publication bringing together the latest

models and applications of news analytics for asset pricing portfolio construction trading and risk control the content of the hand book is organised to provide a rapid yet comprehensive understanding of this topic chapter 1 sets out an overview of news analytics with an explanation of the technology and applications the rest of the chapters are presented in four parts part 1 contains an explanation of methods and models which are used to measure and quantify news sentiment in part 2 the relationship between news events and discovery of abnormal returns the elusive alpha is discussed in detail by the leading researchers and industry experts the material in this part also covers potential application of news analytics to trading and fund management part 3 covers the use of quantified news for the purpose of monitoring early diagnostics and risk control part 4 is entirely industry focused it contains insights of experts from leading technology content vendors it also contains a discussion of technologies and finally a compact directory of content vendor and financial analytics companies in the marketplace of news analytics the book draws equally upon the expertise of academics and practitioners who have developed these models and is supported by two major content vendors ravenpack and thomson reuters leading providers of news analytics software and machine readable news the book will appeal to decision makers in the banking finance and insurance services industry in particular asset managers quantitative fund managers hedge fund managers algorithmic traders proprietary program trading desks sell side firms brokerage houses risk managers and research departments will benefit from the unique insights into this new and pertinent area of financial modelling

this book focuses on the dialectic interrelation between news and change whereby news is intended as a textual type in its evolutionary and revolutionary development while change is discussed with reference to the form content and structure of such typological variety explored across the centuries largely in the british environment the time spans in the chapters have been distributed according to a historical key moments in the process of news writing changes and b extant computerized corpora covering such periods thereby permitting specific linguistic analyses indeed each chapter makes use

of a set of corpora specifically devised to suit the needs of scholars studying the periods under scrutiny the topics discussed and the corpora exploited to analyze them call into question basic methodological issues that are tackled from different perspectives in the book while the epicentre of all research remains the news itself in a continuous process of adjustment and renewal

this critical research collection focuses on eastern and southern africa providing timely and valuable insights and reflections around the changes and stabilities within media ecosystems caused by the novel covid 19 crises
