Let's study Japanese is an introduction to basic Japanese that is concise, simple and useful from the very first page. This Japanese language book is written specifically for tourists visiting Japan and can elevate readers to a basic speaking level in a very short time with approximately 350 essential words and 130 pages of practical conversational usage. This handy Japanese language guide provides the basics needed to converse in simple Japanese. The book concentrates only on key grammar and pronunciation points. Most of the 26 lessons include exercises that reinforce vocabulary items and grammatical structures. Phrases and sentences are recycled for long-term learning. Over 200 simple illustrations allow even beginners to express themselves in spoken Japanese.

This is a book about the structure, history and evolution of the Japanese language. The Japanese language is a classic study of one of the world's most widely used but least understood languages, emphasizing the richness and complexity of Japanese as well as its limitations. This fine book provides a lively discussion about the uniqueness of the Japanese language. The relationship of Japanese to other languages is not well understood even by native speakers and Professor Kindaichi sets out to define it. He concludes that Japanese is indeed only remotely related to other world languages although it shares many features in common with the languages of mainland Asia. Japanese shares with those languages a rich and detailed vocabulary for natural phenomena and an unusually complex and accurate way of expressing social relationships. Moreover, its capability to absorb innovations from abroad easily matches or exceeds that of English or German. The author, after briefly discussing the unique isolation of the Japanese language, moves on to consider the varieties of ordinary speech, dialects, jargon, sex and role-based distinctions and the difference between informal, formal and literary language. He then examines the structure of Japanese pronunciations, its rhythm and accent. The longest section of the book is devoted to the variety of the vocabulary: what can and cannot be said in Japanese. Readers who are just beginning their own study of Japanese will find this section especially fascinating for each point is backed by examples from literature and everyday speech. Kindaichi also investigates the so-called vagueness of Japanese and traces it to its source.

the unusual sentence order this book includes the highly debated origins of the japanese language dialects jargon sex and role based distinctions differences between informal formal and literary language structure rhythm and accent of pronunciation what can and cannot be said in japanese

japanese for beginners is a straightforward learning guide which enables beginners to pick up a functional knowledge of spoken japanese very quickly and easily this complete japanese language package has helped many thousands of people learn to speak colloquial japanese it is designed for busy people who wish to pick up a working knowledge of japanese on their own in just a few days rather than a few years japanese for beginners makes this possible by providing a firm grounding in grammar and sentence structure using dialogues and vocabulary that reflect authentic japanese situations and manga comic strips to emphasize contemporary culture and humor key features of japanese for beginners practical japanese phrases help you converse with ease comic strips japanese manga and dialogues bring japanese to life exercises help you to practice speaking and listening drills and exercises are included in each chapter to help you practice the sentence patterns and vocabulary about this new edition japanese for beginners is now expanded to include it social media mobile phone conversations and texting

this is a clear simple and compact guide to colloquial everyday japanese acquire basic proficiency in spoken japanese a streamlined efficient approach perfect for self learners or classroom use includes kanji and kana essential japanese vocabulary teaches all the japanese grammar you need to speak and understand simple spoken japanese it covers only what is essential which provides an efficient way for learners who have limited time to gain basic proficiency and begin to communicate naturally with japanese language speakers intended for both self study and classroom use the guide offers a practical course in colloquial japanese but leaves aside forms that are unnecessary or little used as well as those that are more important for written japanese in short chapters it helps the user understand the logic of japanese grammar while its

straightforward explanations and clear examples make learning as easy as possible the book includes a glossary of grammatical terms and an index as well as appendixes on japanese pronunciation and verb conjugation in a focused and convenient approach essential japanese vocabulary is an indispensable tool for beginners just starting to learn japanese or a handy aid for more experienced learners who wish to refresh their knowledge

japanese for busy people is the most popular japanese language textbook series in the world with over 20 components including texts workbooks cds videos and teacher s manuals it is also one of the most comprehensive now a decade after its first revision the entire series is being redesigned updated and consolidated to meet the needs of 21st century students and businesspeople who want to learn natural spoken japanese as effectively as possible in a limited amount of time the book features not only a sleek new design but also a unit structure that groups thematically linked lessons together making it easier than ever to learn japanese moreover it now comes with a cd containing audio for the dialogues and listening exercises from the text the exercises in the book have also been thoroughly revised to incorporate more comprehension and production tasks many of these exercises are illustrated making for a stimulating learning experience and the purpose of each one is clearly stated this first of three volumes introduces survival japanese the absolute minimum amount of japanese needed to live in japan thus the vocabulary and grammatical items it introduces are limited to about a third of what is typically introduced in a first year course in addition the book features notes on japanese culture intended to expand the learner s understanding of japan its customs and people japanese for busy people i is available in two formats romanized and kana the romanized version uses romanized japanese throughout with kana in the opening dialogues of each lesson the kana version exposing students to hiragana and katakana from the very beginning uses only kana the content of the two books is otherwise exactly the same the companion volume japanese for busy people 1 the workbook for the revised 3rd edition contains a variety of illustrated exercises for mastering the basic sentence patterns presented in the main text

volume i dealt with survival japanese for tourists and other short term travelers and newcomers to japan volume ii meanwhile turns to the basics of japanese syntax the book is by no means only about grammar however rather it is designed to help learners consolidate their understanding of syntactical structure through lessons that focus on how to talk about topics relevant to daily life in addition to serving learners continuing from volume i volume ii will benefit those who have already studied beginning japanese to some extent but wish to brush up on syntax major features of japanese for busy people ii revised 3rd edition will enable learners to progress smoothly through the equivalent of the latter half of a typical first year japanese course while gradually building speaking and listening skills learners approaching mid beginner status often find themselves suddenly faced with syntax and vocabulary much more complex than what they have studied before such grammar and vocabulary do not appear as frequently in everyday conversation as those words and structures they have learned up to this point necessitating that they spend ample time on review moreover learners at this stage are expected to become familiar with verb tense and aspect time expressions conditional clauses and other topics that require them to have a solid grasp of context and speaker intent if they are to fully understand the differences in meaning conveyed by each japanese for busy people ii helps overcome the above obstacles through grammar and content topics carefully selected to be appropriate to learners at this level of japanese proficiency the book is designed so that by practicing talking about each topic learners will gradually and effectively acquire sentence patterns and vocabulary related to that topic like volume i volume ii is organized into several large units each covering topics grouped under a particular theme in this way the book enables learners to achieve a well balanced understanding of grammar sentence structure and context

this book looks at japanese and examines where it is spoken who speaks it what alphabet the language is written in and other interesting facts the book also includes introductions on how to say key phrases in japanese such as how to say hello and goodbye or talk about your home school and family a pronunciation guide at the back of the book explains how to pronounce the japanese words used throughout the

book
