meeting the need for a textbook for classroom use after first year hebrew grammar waltke and o connor integrate the results of modern linguistic study of hebrew and years of experience teaching the subject in this book in addition to functioning as a teaching grammar this work will also be widely used for reference and self guided instruction in hebrew beyond the first formal year extensive discussion and explanation of grammatical points help to sort out points blurred in introductory books more than 3 500 biblical hebrew examples illustrate the points of grammar under discussion four indexes scripture authorities cited hebrew words and topics provide ready access to the vast array of information found in the 40 chapters destined to become a classic

work this long awaited book fills a major gap among modern publications on biblical hebre

the second of three volumes of james barr s collected essays this volumes focuses on biblical interpretation and the history of the discipline it also contains material on biblical fundamentalism

talmuda de eretz israel archaeology and the rabbis in late antique palestine brings together an international community of historians literature scholars and archaeologists to explore how the integrated study of rabbinic texts and archaeology increases our understanding of both types of evidence and of the complex culture which they together reflect this volume reflects a growing consensus that rabbinic culture was an embodied culture presenting a series of case studies that demonstrate the value of archaeology for the contextualization of rabbinic literature it steers away from later twentieth century trends particularly in north america that stressed disjunction between archaeology and rabbinic literature and seeks a more holistic approach

this long awaited companion volume to the literature of the sages first part fortress press 1987 brings to completion section ii of the renowned compendia series the literature of the sages second part explores the literary creation of thousands of ancient jewish teachers the often anonymous sages of late antiquity and the middle ages essays by premier scholars provide a careful and succinct analysis of the content and character of various documents their textual and literary forms with particular attention to the ongoing discovery and publication of new textual material incorporating groundbreaking developments in research these essays give a comprehensive presentation published here for the first time this volume will prove an important reference work for all students of ancient judaism the origins of jewish tradition and the jewish background of christianity the literary creation of the ancient jewish teachers or sages also called rabbinic literature consists of the teachings of thousands of sages many of them anonymous for a long period their teachings existed orally which implied a great deal of flexibility in arrangement and form only gradually as parts of this amorphous oral tradition became fixed was the literature written down a process that began in the third century c e and continued into the middle ages thus the documents of rabbinic literature are the result of a remarkably long and complex process of creation and editing this long awaited companion volume to the literature of the sages first part 1987 gives a careful and succinct analysis both of the content and specific nature of the various documents and of their textual and literary forms paying special attention to the continuing discovery and publication of new textual material incorporating ground breaking developments in research these essays give a comprehensive presentation published here for the first time the literature of the sages second part is an important reference work for all students of ancient judaism as well as for those interested in the origins of jewish tradition and the jewish background of christianity

this philological commentary offers students a gateway to knowledge of mishnaic hebrew through study of pirqe avoth it has enabled generations of students to unlock with less pain and increased incentive the language of the rabbis as well as their mode of thinking and of operating students can use it to study on their own and it is equally effective as a textbook or supplement in the classroom the commentary covers differences between biblical and mishnaic hebrew helpful for students with some hebrew background as well as common idioms in rabbinic literature

this volume presents a collection of articles centring on the language of the mishnah and the talmud the most important jewish texts after the bible which were compiled in palestine and babylonia in the latter centuries of late antiquity despite the fact that rabbinic hebrew has been the subject of growing academic interest across the past century very little scholarship has been written on it in english studies in rabbinic hebrew addresses this lacuna with eight lucid but technically rigorous articles written in english by a range of experienced scholars focusing on various aspects of rabbinic hebrew its phonology morphology syntax pragmatics and lexicon this volume is essential reading for students and scholars of rabbinic studies alike and constitutes the second in a new series studies in semitic languages and cultures in collaboration with the faculty of asian and middle eastern studies at the university of cambridge

in language contact colonial administration and the construction of identity in ancient israel boyd addresses a long standing critical issue in biblical scholarship how does the production of the bible relate to its larger historical linguistic and cultural settings in the ancient near east using theoretical advances in the study of language contact he examines in detail the sociolinguistic landscape during the assyrian babylonian and achaemenid periods boyd then places the language and literature of ezekiel and isaiah in this sociolinguistic landscape language contact colonial administration and the construction of identity in ancient israel offers the first book length incorporation of language contact theory with data from the bible as a result it allows for a reexamination of the nature of contact between biblical authors and a series of mesopotamian empires beginning with assyria the harvard semitic monographs series publishes volumes from the harvard museum of the ancient near east other series offered by brill that publish volumes from the museum include harvard semitic studies and studies in the archaeology and history of the levant hmane harvard edu publications

these volumes contain most of the papers of the late jonas c greenfield written in english with source and lexeme indexes and is intended for scholars and students of the ancient near east aramaic hebrew bible dead sea scrolls and semitic philology greenfield published numerous articles in a wide range of journals some of them fairly inaccessible he himself had begun to collect his papers with the aim of revising and republishing them when his sudden death intervened it is the privilege of the editors two close friends of greenfield and one of his former students to present this collection to the public this collection shows the wealth breadth and creativity of greenfield s substantial scholarship as well as his desire to collaborate with his colleagues in academic pursuits the print edition is available as a set of two volumes 9789004121706

the present volume presents the english reader with a representative selection of current research into mishnaic hebrew by israeli scholars twenty two articles are included in this collection two introductory essays which provide a detailed overview of the modern study of mishnaic hebrew as well as twenty more investigations into specific topics of grammar and lexicon

this volume deals with the copper scroll an almost two thousand year old cryptic proto mishnaic hebrew dead sea document it is the largest known ancient text to have ever been recorded on metal the introduction covers the nature and site of the discovery opening of the two brittle

oxidized copper rolls deciphering the text controversy about genuineness of the content etc the in depth study presents the primary major studies and offers a new reading translation and interpretation including alternatives as well as detailed studies of some unique aspects the analysis is based on rabbinical jewish sources originating largely in the same historical era this results into a more reliable interpretation of the copper scroll which probably originates from the priestly leaders of jerusalem and contains a list of the hidden treasures of the second temple before its destruction by the romans
