the women's international league for peace and freedom wilpf has a unique role in post war peace activism it is the longest surviving international women's peace organization and one of the oldest peace organizations in the west founded in 1915 when a group of women from neutral and belligerent nations in world war i met at the hague to formulate proposals for ending the war wilpf sent delegations of women to several countries to plead for peace and their final resolutions are often credited with influencing woodrow wilson's 14 points today the organization counts several thousand members in 36 countries on five continents since 1948 it has enjoyed consultative status with the un and it was instrumental in bringing about recent united nations security council resolutions on women peace and security beginning in 1945 wilpf began identifying the limitations of its ideological foundations in relation to the international liberal order catia cecilia confortini argues that this period ushered in a turn in the organization's policies and activism one that culminated in the mid 70s and served as an important antecedent to feminist activism that continues today in intelligent compassion she traces the organization's changing strategies and ideas over a thirty year period focusing on three key areas of its work disarmament decolonization and the conflict in israel palestine by analyzing the shifting ideas and policies of the longest living international women's peace organization intelligent compassion finds answers to ir questions about the possibility of emancipatory agency in the theoretical methodology of women peace activists and the extent to which activists can transcend the prevailing practices rules and relations of their eras

this compelling interdisciplinary compilation of essays documents the extensive intersubjective relationships between gender war and militarism in 21st century global politics feminist scholars have long contended that war and militarism are fundamentally gendered gender war and militarism feminist perspectives provides empirical evidence theoretical innovation and interdisciplinary conversation on the topic while explicitly and uniquely considering the links between gender war and militarism essentially an interdisciplinary conversation between scholars studying gender in political science anthropology and sociology the essays here all turn their attention to the same questions how are war and militarism gendered seventeen innovative explanations of different intersections of the gendering of global politics and global conflict examine the theoretical relationship between gender militarization and security the deployment of gender and sexuality in times of conflict sexual violence in war and conflict post conflict reconstruction and gender and militarism in media and literary accounts of war

together these essays make a coherent argument that reveals that although it takes different forms gendering is a constant feature of 21st century militarism

this is the opening volume in a comprehensive history of the global movement against the development possession and use of nuclear weapons

instant interpretive history is a difficult and demanding task and certainly more of an art than some would suggest usa and the world describes not only what happened but puts events in the context of the past and criticizes policy actions as appropriate the result goes deeper than most of what appears in current publications updated annually and part of the renowned world today series usa and the world presents an unusually penetrating look into america and its relationship to the rest of the world the combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students now in its 14th edition the content is thorough yet perfect for a one semester introductory course or general library reference available in both print and e book formats and priced low to fit student budgets

james b conant 1893 1978 was one of the giants of the american establishment in the twentieth century president of harvard university from 1933 to 1953 he was also a scientist who led the us government s effort to develop weapons of mass destruction and his story mirrors the transition of the united states from isolationism to global superpower at the dawn of the nuclear age this splendid portrait of conant illuminates the life of a pivotal figure in the making of us nuclear scientific educational and foreign policy for almost half a century but the book is much more it is not only an insightful narration of conant s life it is also a brilliant and important account of the making of the nuclear age a chronicle that contains much that is new thewashington post the bomb would be as much conant s as it was anyone s in government his inner response to that burden of responsibility has long been obscured but it is illumined here this is a model of historiography that is evocative reading the new york times book review vibrantly written and compelling it breaches conant s shield of public discretion in masterly fashion

looking deeply into the matter of strategic vulnerability the authors address questions that this vulnerability poses do conditions exist for sino u s mutual deterrence in these realms might the two states agree on reciprocal restraint what practical measures might build confidence in restraint how would strategic restraint affect sino u s relations as well as security in and beyond east asia

presents the results of a conference that brought together many of the nation's top experts to evaluate issues of structure and process in the people's liberation army

for many it was more than a publication it was a way of life the whole earth catalog billed itself as access to tools and it grew from a bay area blip to a national phenomenon catering to hippies do it yourselfers and anyone interested in self sufficiency independent of mainstream america now known as living off the grid in recovering the history of the catalog's unique brand of environmentalism historian kirk recounts how stewart brand and the point foundation promoted a philosophy of pragmatic environmentalism that celebrated technological achievement human ingenuity and sustainable living kirk shows us that whole earth was more than a mere counterculture fad at a time when many of these ideas were seen as heretical to a predominantly wilderness based movement it became a critical forum for environmental alternatives and a model for how complicated ecological ideas could be presented in a hopeful and even humorous way from publisher description
