this book provides an analysis of the english american french and russian revolutions as they exhibit universally applicable patterns of revolutionary thought and action

this study aims to update a classic of comparative revolutionary analysis crane brinton s 1938 study the anatomy of revolution it invokes the latest research and theoretical writing in history political science and political sociology to compare and contrast in their successive phases the english revolution of 1640 60 the french revolution of 1789 99 and the russian revolution of 1917 29 this book intends to do what no other comparative analysis of revolutionary change has yet adequately done it not only progresses beyond marxian socioeconomic class analysis and early revisionist stresses on short term accidental factors involved in revolutionary causation and process it also finds ways to reconcile state centered structuralist accounts of the three major european revolutions with postmodernist explanations of those upheavals that play up the centrality of human agency revolutionary discourse mentalities ideology and political culture

this book examines 1 the neglected but decisive role played by guerrillas in the carolinas in 1780 and 1781 which led to the disastrous retreat of cornwallis into yorktown 2 the 1793 uprisings in western france against the revolutionary regime whose conduct foreshadowed nazi policies during world war ii 3 the french occupation of spain from 1808 to 1814 from which the name guerrilla derives and where the napoleonic empire suffered its most fatal wound and 4 guerrilla campaigns in the american civil war explaining why lee s surrender in 1865 failed to unleash the massive guerrilla outbreak feared by lincoln

and grant the concluding section compares the experiences of the french in spain to those of the soviets in afghanistan and the british in the carolinas to the americans in vietnam

persian in international relations and foreign policy develops the reader s command of the persian language via thematic units that explore global issues involving contemporary iran the textbook features six units covering a broad range of themes with 12 corresponding topic based lessons that are logically intertwined and introduced through authentic persian resources starting from the shah s ousting in the pivotal year of 1979 each unit presents unique perspectives on important moments in history and their impact on social demographic economic and environmental issues in iran today every unit contains a wide array of skills focused and practice activities which are carefully scaffolded to support learners as they develop and consolidate their reading writing speaking and listening skills with vocabulary and language structures specific to the lesson accompanying multimedia content further resources along with grammar and vocabulary sheets are available for download at routledge.com/9781138347199 the textbook facilitates attainment of the american council on the teaching of foreign languages actfl advanced high level and the common european framework of reference for languages cefr c1 level respectively and it is designed for students who have achieved the actfl s intermediate high or cefr s b1 proficiency standards
