former realizations and studies of that emptiness from the perfection of wisdom the texts are notable for their lack of instruction on ritualized severance involving body sacrifice which later works emphasize in these texts the heart of severance is letting go of clinging to the self and reification of existence and as jamyang gonpo was just a generation removed from machik labdron the main progenitor of severance his methods seem to be closest to her actual teachings the third translation in this volume the seven day severance retreat experiential guide is a very concise and precise instruction on putting the main intentions of the teachings into practice in the setting of a one week retreat the instructions are striking in that they contain no rituals visualizations deities instruments or liturgies jamyang gönpo shows us how to turn our attention to the very mind of this person who is experiencing fear and the object of that fear whether fear about demons or sickness or suffering to see them for what they are in doing so we find that joys and sorrows highs and lows powers of gods and demons and demonic obstacles are all mind made
