this timely book draws on unique african experiences to explore the intersection between mental health and african communitarianism in the context of covid 19 giving voice to the perspectives of vulnerable populations facing pre existing challenges such as depression anxiety and stress advancing knowledge and contributing to the global debate about the effects of the pandemic on the psychological well being of african people chapters critique the role of media information misinformation and disinformation during this period on individual and community based mental health using a holistic approach the book highlights the need to prioritise the localising of mental health systems and clinical services to provide a better standard of care and comprehensive context specific mental health interventions that consider the heterogeneity within and between african regions the book demonstrates through nuanced evidence and analysis that communitarian perspectives allow african societies to balance collective solidarity with individual well being to benefit overall mental health ultimately drawing on communal values and localised knowledge to cultivate resilience to fight the psychosocial impacts of covid 19 in africa the book will be of interest to scholars postgraduate students and researchers exploring psychology philosophy of mental health and public health policy more broadly as well as and cultural studies and the sociology of pandemics the open access version of this book available at [taylorfrancis.com](https://www.taylorfrancis.com) has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

this book explores the need for innovative approaches to

administrative digitization leveraging technologies such as ai blockchain and smart processes to meet citizens expectations with a particular focus on the role of chief digital officers cdo's in driving successful digital transformations within public institutions administrative digitization requires fresh inputs to match the leaps seen in the industry sector utilizing technologies like ai driven automation blockchain transactions and security tools smart process solutions are seen as transformative in upholding service standards aligned with citizens state expectations unlike commercial companies collaboration offers those overseeing public sector digitization enhanced scaling opportunities by drawing from experiences in other regions and metropolises directly applicable and reusable in the public realm digital strategies mirror legal and social conditions necessitating adjustments and adaptation options for chief digital officers as they lead digital transformation methodological focal points in task structure redesign process optimization and motivating actors yield diverse action areas for the cdo's new role in public institutions this book explores the instruments strategies and attitudes necessary to successfully implement transformative initiatives in organizations emphasizing proven concepts with practical applicability enabling readers to derive their own interaction options as digital guidance leaders the book is a concise introduction to the specific requirements for visionary designers driving dynamic changes in user centric public services

the atomic force microscope afm has become one of the leading nanoscale measurement techniques for materials science since its creation in the 1980's but has been gaining popularity in a seemingly unrelated field of science biology the afm naturally lends itself to investigating the topological surfaces of biological objects from whole cells to protein particulates and can also be used to determine physical properties such as young's modulus stiffness molecular bond strength surface friction and many more one of the most important reasons for the rise of biological afm is that you can measure materials within a physiologically relevant environment i.e. liquids this book is a collection of works beginning with an introduction to the afm along with techniques and methods of sample preparation then the book displays current research covering subjects ranging from nano particulates proteins dna viruses cellular structures and the characterization of living cells

undoubtedly the most comprehensive analysis of the role of culture and emergent practices in capacity building currently at hand d'estrée and parsons have produced a commendable amalgamation and scrutiny of local cultural and indigenous mediation practices in a number of contexts that empower local people while interacting and integrating with western mediation models in a blend of hybridity the book is beautifully structured and will attract a wide readership including graduate and undergraduate students sean byrne director arthur v mauro centre for peace justice and professor peace conflict studies university of manitoba canada since late 1990s conflict resolution field has recognized the need to integrate culture in its processes this book goes beyond such theoretical recognition and provides empirical evidence and solid

concrete cases on how local actors from a wide range of cultural contexts integrated their cultural analysis and tools in their own sustainable conflict resolution processes it also offers an effective set of guidelines and lessons learned for policy makers and peacebuilding practitioners on the need to deepen their reliance on local cultural practices of peace

mohammed abu nimer professor of international peace and conflict resolution school of international service american university and founder and director of the salam peacebuilding and justice institute in washington dc usa the evolving identities of communities impacted by deep historical divisions and population migration in the context of life threatening resource shortages present opportunities and challenges for conflict transformation professionals at every level

d estrée and parsons respond to this challenge with a remarkable collection of stories from around the world that amplify the innovation in the field while capturing its history and complexity it serves as the bridge between mediation and peacebuilding that is so necessary today

prabha sankaranarayan ceo mediators beyond borders international in this excellent book tamra pearson d estrée and ruth parsons and their impressive collection of case study authors have analysed four generations of conflict resolution transformation theory and practice they highlight the diverse ways in which the burgeoning field of conflict resolution theorists and practitioners mirrored the ascendance and now decline of the neo liberal western project first and second generation efforts were based on notions of possessive individualism rational choice theory and a general acceptance of the status quo culture was ignored or eliminated as were deeper questions of political and social inequality but more importantly there was an unwillingness to consider the power and the wisdom that resided in locality

third and fourth generation conflict transformers on the other hand have engaged these deeper questions and focused more attention on emancipatory creative partnerships social and economic justice co learning and hybridised models flowing from external engagement with local wisdom this is a book that needs to be read by anyone interested in the transformative power of conflict resolution and long term social and political change

kevin p clements professor chair and foundation director the national centre for peace and conflict studies university of otago new zealand while waves of scholarship have focused either on the value of presumed universal models or of traditional practices of conflict resolution curiously missing has been the recognition and analysis of the actual intermingling and interacting of western and local cultural practices that have produced new and emergent practices in our global community in this compilation of case studies the authors describe partnerships forged between local practice expertise and bearers of western institutional models to build innovative approaches to mediation and conflict resolution including stories of these experiences and the resulting hybrid models that emerged the book explores central questions of cultural variation and integration such as the perception of purpose and function of resolution processes attitudes toward conflict arenas and timeframes third party roles barriers to process use as well as how to remain true to culture and context it also examines partnership dynamics and lessons learned for modern cross cultural

collaboration

project planning and management a guide for nurses and interprofessional teams fourth edition serves as a primary resource for students developing and implementing clinical projects as a requirement for course completion additionally the text also serves as a guide for faculty and preceptors who assist students in identifying clinical and management gaps as well as in initiating projects

this book disrupts the dominant underlying international norms informing urban development strategies across african cities international policy frameworks have created a new universal agenda for developing cities however these frameworks have also imposed global paradigms and discourses that are often in conflict with local urbanisms as we approach the deadline for achieving the sustainable development goals there is need for reflection and deliberation on a post 2030 agenda the authors identify powerful assumptions norms and positionalities that obfuscate the efforts to achieve sustainable development in african cities as well as along the north south divide they argue that a disruptive critique of these normative concepts grounded in the lived african urban everyday opens up opportunities to dismantle their assumed neutrality through disruption the authors critically re interpret the meanings of policy and the praxis of local urbanism ultimately challenging the logic of universalising concepts underpinning implementation in the current international policy system and asserting the need for contextualised urban policies the book will be of interest to scholars and students of urban studies development planning urban governance human settlements development studies urban geography and african studies it will also be useful for practitioners including town and regional urban planners urban policy consultants and international development cooperation agencies the open access version of this book available at taylorfrancis.com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license
