how do we see the world around us the penguin on design series includes the works of creative thinkers whose writings on art design and the media have changed our vision forever seeing comes before words the child looks and recognizes before it can speak but there is also another sense in which seeing comes before words it is seeing which establishes our place in the surrounding world we explain that world with words but word can never undo the fact that we are surrounded by it the relation between what we see and what we know is never settled john berger s ways of seeing is one of the most stimulating and influential books on art in any language first published in 1972 it was based on the bbc television series about which the london sunday times critic commented this is an eye opener in more ways than one by concentrating on how we look at paintings he will almost certainly change the way you look at pictures by now he has

seeing comes before words the child looks and recognizes before it can speak but there is also another sense in which seeing comes before words it is seeing which establishes our place in the surrounding world we explain that world with words but word can never undo the fact that we are surrounded by it the relation between what we see and what we know is never settled john berger s ways of seeing is one of the most stimulating and the most influential books on art in any language first published in 1972 it was based on the bbc television series about which the london sunday times critic commented this is an eye opener in more ways than one by concentrating on how we look at paintings he will almost certainly change the way you look at pictures by now he has berger has the ability to cut right through the mystification of the professional art critics he is a liberator of images and once we have allowed the paintings to work on us directly we are in a much better position to make a meaningful evaluation peter fuller arts review the influence of the series and the book was enormous it

opened up for general attention to areas of cultural study that are now commonplace geoff dyer in ways of telling

ways of seeing is a key art historical work that continues to provoke widespread debate berger first examines how our assumptions affect how we see a painting then he moves on to the role of women in artwork the third essay deals with the relationship between subjects and ownership finally berger addresses the idea of ownership in a consumerist society

ways of seeing is a key art historical work that continues to provoke widespread debate it is comprised of seven different essays three of which are pictorial and the other containing texts and images berger first examines the relationship between seeing and knowing discussing how our assumptions affect how we see a painting he moves on to consider the role of women in artwork particularly regarding the female nude the third essay deals with oil painting looking at the relationship between subjects and ownership finally berger addresses the idea of ownership in a consumerist society discussing the power of imagery in advertising with particular regards to photography

this volume explores the constitutive role played by space in the performance of kutiyattam the only surviving form of sanskrit theatre kutiyattam is distinctive in terms of its performance conventions and its unique culture of extensive elaboration and interpretation drawing upon the concepts of phenomenology on the processes of perception particularly on the works of edmund husserl martin heidegger and maurice merleau ponty it analyses the role of space in the communicative structures of performance of kutiyattam and its contribution to the production of meaning in theatre especially in the context of contemporary theatre the book explores the theatrical event as a phenomenon that comes into existence through a triangular relationship among the ways of being of the performers the ways of seeing of the audience and the space which brings them together based on this formulation kutiyattam is approached as a theatre of elaboration made possible by the intimate proximal ways of seeing of the audience in the particular theatrical space of the kuttampalams the temple theatres where kutiyattam has customarily been performed for more than five centuries this volume will be of great interest to scholars and researchers of cultural studies theatre and performance studies cultural anthropology phenomenology and south asian studies

this book focuses on the theme of counter surveillance in art through a multi faceted engagement with the highly controversial norwegian play ways of seeing denounced by the prime minister and subject to a police investigation the play gained notoriety when it featured footage showing the homes of the country s financial and political elite as part of its scenography the book provides a thorough consideration of the work s reception context before elucidating its relation to the politics of neoliberalism what is foregrounded in this analysis are first the use of an aesthetics of sousveillance to visualize the material infrastructure of racism and right wing populism second the tangled interrelations of art and law third questions of censorship and artistic freedom and fourth the promotion of an alternative mode of political governance grounded in feminism and ecological awareness through the example of the rojava experiment

an innovative analysis of indigenous strategies for overcoming the settler state how do bureaucratic documents create and reproduce a state s capacity to see what kinds of worlds do documents help create further how might such documentary practices and settler colonial ways of seeing be refused settler colonial ways of seeing investigates how the canadian state has used documents lists and databases to generate make visible and invisible indigenous identity with an archive of legislative documents registration forms identity cards and reports danielle taschereau mamers traces the political and media history of indian status in canada demonstrating how paperwork has been used by the state to materialize identity categories in the service of colonial governance her analysis of bureaucratic artifacts is led by the interventions of indigenous artists including robert houle nadia myre cheryl l hirondelle and rebecca belmore bringing together media theories of documentation and the strategies of these artists settler colonial ways of seeing develops a method for identifying how bureaucratic

documents mediate power relations as well as how those relations may be disobeyed and re imagined by integrating art led inquiry with media theory and settler colonial studies approaches taschereau mamers offers a political and media history of the documents that have reproduced indian status more importantly she provides us with an innovative guide for using art as a method of theorizing decolonial political relations this is a crucial book for any reader interested in the intersection of state archives settler colonial studies and visual culture in the context of canada s complex and violent relationship with indigenous peoples

a book on visual perception

how did modern chinese painters see landscape did they depict nature in the same way as premodern chinese painters what does the artistic perception of modern chinese painters reveal about the relationship between artists and the nation state could an understanding of modern chinese landscape painting tell us something previously unknown about art political change and the epistemological and sensory regime of twentieth century china yi gu tackles these questions by focusing on the rise of open air painting in modern china chinese artists almost never painted outdoors until the late 1910s when the new culture movement prompted them to embrace direct observation linear perspective and a conception of vision based on cartesian optics the new landscape practice brought with it unprecedented emphasis on perception and redefined artistic expertise central to the pursuit of open air painting from the late 1910s right through to the early 1960s was a reinvigorated and ever growing urgency to see suitably as a chinese and to see the chinese homeland correctly examining this long overlooked ocular turn gu not only provides an innovative perspective from which to reflect on complicated interactions of the global and local in china but also calls for rethinking the nature of visual modernity there

a noted artist introduces 101 easy to follow ways to help readers identify their personal abilities personality types psychological strategies and goals examining the body emotions intellect and spirit
