in the sixth edition of this work john fry has reverted to the format of the earlier editions published in 1965 1970 and 1973 and has presented statistical data

drawn widely from many sources general practice in the united kingdom and elsewhere throughout the world has undergone many changes in the past decade this new edition brings the available statistical information up to date and indicates the way ahead general practice the college and the national health service have been closely linked in effecting change the membership of the college continues to grow and its influence in changing the face of general practice in the united kingdom is significant john fry's new book presents that characteristic blend of fact and personal opinion which was so successful in earlier editions and so valuable to general practice and others in primary health care once again he has shown what can be achieved by one man based on his own work and those of others in general practice john lawson rcgp 1983 president of the royal college of general practitioners vi preface the present state and future needs series had its roots in the dark days of the early 1960s when morale in general practice was low and when numbers of new entrants were actually going down they were the days of mass emigration of doctors from britain and the national health service the fourth and fifth editions were entitled trends in general practice 1977 and 1979

the aim of the 100 cases series is to provide a novel learning and revision tool that works by guiding the student through clinical cases imitating those that students and foundation year doctors are likely to meet in a general practice setting the cases are written to interest students in clinical problems and to help them develop their skills

this study of general practice and the attitudes of patients and general practitioners to it is the most significant book yet written about the nhs this was how the reviewer in the british medical journal reviewed ann cartwright's earlier book patients and their doctors in general practice revisited originally published in 1981 ann cartwright and robert anderson compare the experiences and views described in the first study carried out in 1964 with those revealed by a second survey in 1977 in the intervening period there were a great many changes in the organization of general practice for example appointment systems and nurses working in the surgery became the rule rather than the exception and the number of doctors working in health centres or using deputizing services rose dramatically this study shows how the basic patient doctor relationship has been affected by these changes a fundamental feature of the survey is the demonstration that the attitudes and practices of patients and doctors are linked and that it is possible to relate the experiences and degree of satisfaction of patients to the doctor's age sex size of practice equipment ancillary help and indeed to the doctor's views and habits by bringing the picture of general practice up to date ann cartwright and robert anderson provided the basic data for any discussion of primary health care in this country at the time

this is a history of general practice under the national health service covering the whole of the first 50 years from 1948 to the present

with general practice currently facing existential challenges it is truly inspirational to be reminded what determined individuals with a clear set of intensely human values can achieve this is the story of an extraordinary career during a profoundly important phase in the history of british medicine someone who was justifiably proud to be just a gp sir david haslam cbe frcgp past president and chairman of council royal college of general practitioners past president british medical association past chair national institute for health and care excellence nice this autobiography from sir denis pereira gray offers a unique insight into the life and career of a hugely distinguished and influential general practitioner from what led him to study medicine learning his craft in the 1960s through years of clinical practice and research to senior leadership roles within and outside the royal college of general practitioners through detailed diaries enlivened by wonderful anecdotes both personal and professional sir denis shares candidly with the reader a lifetime of experience gained and lessons learned highly applicable today when general practice is facing many challenges and detractors both informative and inspirational just a gp is an essential read for many who have journeyed through the profession with sir denis and those who are in the midst of or contemplating a career in general practice today

an essential guide to general practice and being a general practitioner a textbook of general practice is written specifically with the medical student and foundation doctor in mind reflecting current practice the book does not seek to reiterate the content of a general medical textbook but instead teaches the fundamental principles of general practice the coverage is comprehensive with everything the undergraduate student or foundation doctor will encounter in a general practice module or rotation the skills and knowledge presented can usefully be applied to all areas of clinical practice with practical exercises throughout the book readers are encouraged to learn through doing quotes from students and tutors offer insights into personal experience while thinking and discussion points encourage reflection new features in this edition include improved organization red flag pointers to serious illnesses and sba style self assessment questions with content entirely updated to reflect the latest recommendations from tomorrow s doctors the third edition of a textbook of general practice is the number one choice for undergraduates seeking a narrative introduction to this important discipline

some of the most important and best lessons in a doctor s career are learnt from mistakes however an awareness of the common causes of medical errors and developing positive behaviours can reduce the risk of mistakes and litigation written for foundation year doctors trainees and general practitioners and unlike any

other clinical management title available avoiding errors in general practice identifies and explains the most common errors likely to occur in an outpatient setting so that you won't make them the first section in this brand new guide discusses the causes of errors in general practice the second and largest section consists of case scenarios and includes expert and legal comment as well as clinical teaching points and strategies to help you engage in safer practice throughout your career the final section discusses how to deal with complaints and the subsequent potential medico legal consequences helping to reduce your anxiety when dealing with the consequences of an error invaluable during the foundation years specialty training and for consultants avoiding errors in general practice is the perfect guide to help tackle the professional and emotional challenges of life as a gp

with the introduction of yearly appraisals and revalidation every general practitioner needs to be armed with a good personal development plan this book provides the information needed to create just that guiding the reader through the consultation looking for patient's unmet needs puns and the doctor's educational needs dens it focuses on those learning needs that help to provide competent care for patients all general practitioners will find this book a straightforward no nonsense practical approach to help them incorporate their learning needs into the realities of everyday practice

the exceptional potential of general practice three horizons of general practice andrew lyon traditional strengths pioneers challenges practices working together in the deep end addressing the inverse care law link workers in general practice community practice developing a learning health system core topics learning from medicine at the margins international perspectives working to produce evidence of change evaluation education and training preparations ahead of time reflection postscript
