understanding close relationships builds a foundation using theory and the most recent research in the field but constructs the text around stories that serve as case

examples the stories illustrate the research and theory making them come alive for the reader

this book provides an in depth and comprehensive summary of the psychology of close relationships and showcases classic and contemporary theories models and empirical research that have been conducted in the field

this book is devoted to illustrating the significance of perpetrator victim relationship including its status and state in understanding intimate partner homicide iph in the context of china today after comparing with the findings in the previous studies by analyzing the correlation between intimate relationships as a focal variable and other variables such as iph characteristics and risk factors a deeper understanding of iph in china today has emerged finally this book shows that many perpetrators and victims had intimate relationships with people outside their marriages as the main reason for the rapid increase in the number of instances of iph which seems to be in tandem with china s rapid modernization and urbanization presenting the sole academic research that closely investigates the characteristics of intimate partner homicide in modern china the book is a valuable resource for not only for the chinese government but also for chinese and international researchers

library journal best reference 2009 an excellent gateway to further examination of any of the subdisciplines of relationship science or as a research tool in its own right library journal relationships are fundamental to nearly all domains of human activity from birth to death when people participate in healthy satisfying relationships they live work and learn more effectively when relationships are distressed or dysfunctional people are less happy less healthy and less productive few aspects of human experience have as broad or as deep effects on our lives the encyclopedia of human relationships offers an interdisciplinary view of all types of human associations friends lovers spouses roommates coworkers teammates parents and children cousins siblings acquaintances neighbors business associates and so forth although each of these connections is unique in some respect they share a common core of principles and processes these three volumes provide a state of the art review of the extensive theories concepts and empirical findings about human relationships key features compiles leading edge information about how people think feel and act toward each other presents the best in the field authors who have contributed significant scientific knowledge about personal relationships over the past several decades offers a diverse approach to relationship science with contributions from psychology sociology communication family studies anthropology physiology neuroscience history economics and legal studies key themes cognitive processes in relationships communication processes creating and maintaining closeness dating courtship and marriage the dark side of relationships emotion processes in relationships family friendship and caregiving in adulthood health and the biology of

relationships methods for studying relationships personality and individual differences prevention and repair of relationship problems psychological processes sexuality social context of relationships social relations in childhood and adolescence theoretical approaches to studying relationships types of relationships our relationships influence virtually all aspects of our everyday existence and are of deep interest to students researchers academics and laypeople alike this encyclopedia is an invaluable addition to any academic or public library

now published by sage interpersonal communication fourth edition empowers students to become more confident communicators by providing them with both the knowledge and the practical skills they need to make effective communication choices in today's rapidly changing and technologically advanced society rather than telling students how to communicate authors richard l west and lynn h turner offer a toolbox of key skills so students can actively choose and experiment with strategies appropriate for a given situation filled with realistic examples and scenarios that reflect the diversity and interactions of today's students this practical text makes clear connections among theory skills and the life situations we all encounter on a daily basis a complete teaching learning package sage premium video included in the interactive ebook sage premium video tools and resources boost comprehension and bolster analysis interactive ebook includes access to sage premium video multimedia tools and much more save when you bundle the interactive ebook with the new edition order using bundle isbn 9781544365657 sage coursepacks free easily import our quality instructor and student resource content into your school's learning management system lms and save time sage edge free online resources for students that make learning easier

the past decade has witnessed an explosion of interest and research on close relationships and social cognition in both areas numerous handbooks textbooks and journal articles have been published however it is the editors impression that although cognitive theories and concepts have filtered through to research dealing with close relationships much of this research reflects a relatively untutored understanding of the theoretical and empirical work in social cognition conversely the research literature that provides a more sophisticated perspective on the role of cognition in close relationships typically reveals a relatively limited knowledge of the literature on close relationships as researchers who have worked in both social cognitive processes and close relationships fletcher and fincham are convinced that each field has much to offer the other in fact their book is based on two important postulates first that a social cognitive framework offers a valuable resource for developing our understanding of close relationships and second that studying cognition within close relationships has the potential to inform our understanding of basic social cognitive processes

with the premise that close relationships are subjected to extraordinary scrutiny in contemporary society the authors go on to say that this generation values individual fulfilment more than any before us we are able to leave existing relationships with relative ease demand a high level of satisfaction from our intimate relationships and are frustrated at those times when we fail to achieve it this volume presents a range of theoretical and clinical approaches to understanding and promoting relationship satisfaction integrating findings from social clinical and counselling psychology researchers illuminate what it means to be satisfied within a love relationship and identify the factors that allow couples to create successful relationships over time

this edition has been updated reflecting research findings from the past six years the text is appropriate for the relationships and marriage and the family courses in psychology sociology home economics and family studies

understanding personal relationships introduces readers to the new interdisciplinary field of personal relationships it does so by integrating central themes from the fields of social psychology sociology clinical psychology and family studies in a comprehensive bibliographic essay the editors give an overview of the growth of the field and predict future areas of research and clinical practice early chapters deal with some of the theoretical issues in the study of personal relationships while other contributors discuss the motivational issues in relationships five chapters examine specific types of relationships those which are established like marriage those which are in a state of transition those which are under stress and those which have broken through its breadth of coverage and the presentation of writers from several different disciplines this volume conveys the spirit of pioneering and practical optimism that characterizes the new interdisciplinary approach to understanding personal relationships

using systems theoretical framework this text incorporates human development and behavior theories and knowledge within the context of family organizational and community systems and examines the impact of social and economic forces on individuals and social systems consistent with the curriculum policy statements of the cswe content on social work values and ethics diversity social and economic justice and populations at risk is also included relating theory and knowledge to practice skills examples and applications the material is relevant interesting and provides students with a sound base on which to build assessment skills new material covers hispanic women and community development religion and spirituality cultural biases and iq tests ethnic and cultural differences in families and schools sexual harassment cases plaguing high places i e packwood clinton and greene the afri-centric perspective and homosexuality statistics

now in its ninth edition this classic book retains the features that have made it the best selling introductory human communication text in the field an engaging and reader friendly style an inviting visual design that includes high interest marginalia on virtually every page up to date information on technology gender and cultural diversity and everyday applications based on solid research and theory maintaining the quality of presentation and student focused pedagogy that have characterized previous editions understanding human communication ninth edition incorporates updated examples and coverage of current communication theory it continues to equip students with effective communication skills that will make a difference in their everyday lives book jacket

the dark side of close relationships ii is a completely new and up to date version of the original volume published in 1998 featuring new topics and authors the volume showcases cutting edge work on important topics by prominent scholars in multiple disciplines it sheds light on the paradoxical dialectical and mystifying facets of human interaction not merely to elucidate dysfunctional relationship phenomena but to help readers explore and understand it in relation to a broader understanding about relationships as previous dark side investigations have revealed negative or dysfunctional outcomes can occur in relationships even though positive and functional ones are expected and at the same time positive silver linings are often found in some dark relational clouds such nuanced approaches are needed to better account for the complexity of close relationships a unique and provocative collection this volume will appeal to relationship researchers in communication social psychology family studies and sociology

another gem from judy dunn this very readable and interesting book asks some searching questions about how relationships change with age how one sort of relationship influences others and how thought processes shape or control our interactions with other people the result is a challenging and sometimes provocative account of what we know today together with a look forward to likely developments in the years to come the book is a must for anyone interested in either the social development of children or the meaning of interpersonal relationships michael rutter institute of psychiatry london how and why do children of the same family have strikingly different relationships with their mother
