in recent history men from a variety of backgrounds have come to the same conclusion that the bible is about israel only for example in 1861 john mason neale translated an ancient twelfth century latin hymn and its title was o come o come emmanuel ever since 1861 christians have sung that hymn at christmas time especially at advent do you know what the words really mean that you are singing in 1878 edward hine wrote an article titled seven eighths of the bible misunderstood wherein he explains that seven eighths of the bible is about national salvation i e the national salvation of true israel whereas only one eighth of the bible is about personal salvation did you know that in the 1960 s pastor sheldon emry wrote an article title an open letter to any

minister who teaches the jews are israel wherein he is of the opinion that the israel that exists today since 1948 is not the true israel of the bible in 1998 arnold e kennedy wrote a book titled the exclusiveness of israel wherein he legally proves using the king james version of the bible that the bible in general is only about true israel so here we are in the twenty first century and the gospel that is preached today is totally convoluted from that which was preached in the first century a d by yahshuah and his disciples i e the gospel of the kingdom so where did the so called churches and pastors go wrong by the way is there really a hierarchy in the bible in order to find out what the truth really is we have to look at the original languages in which the bible was written and then translated for example the old testament was written in hebrew and aramaic then translated into greek the new testament was written in hebrew and greek both testaments were put together and translated into latin then german and finally into english from which the entire world received their own translation of the bible so what was the original meaning of the words used in the original languages i e the etymology of the words once that is determined then we can go onto the next phase and discuss types in the bible from there what is the law of first mention how should bible prophecy be interpreted who are the keys to bible prophecy where are we in the bible prophecy timeline during these discussions we will find out who yahweh chose of all the families of the earth to make his own the churches teach universalism the question then becomes who was yahweh s law given to what are the laws of yahweh and then the even bigger question becomes who was yahshuah sent to all of these questions and more will be answered as you read this book

in contrast to scholarly belief that the author of the epistle to the hebrews envisions the transcendent heavenly world as the eschatological inheritance of god s people jihye lee argues that a version of an urzeit endzeit eschatological framework as observed in some jewish apocalyptic texts provides a plausible background against which the

arguments of hebrews are most comprehensively explained instead of transcendence to the heavenly world that will come after the destruction of the shakable creation lee suggests the possibility of a more dualistic new world by first defining *urzeit* *endzeit* eschatology lee is then able to explore its place in both pre and post 70 ce second temple judaism in examining enoch the qumran texts jubilees the *liber antiquitatum biblicarum* 4 ezra and 2 baruch and finally the book of revelation lee compares a multitude of eschatological visions and the different depictions of the transformation of the world judgement and the new world to come bringing these texts together to analyse the issue of god's rest in hebrews and the nature of the unshakable kingdom lee concludes that hebrews envisions the kingdom as consisting of both the revealed heavenly world and the renewed creation as the eschatological venue of god's dwelling place with his people
