starting from scratch simply by picking stocks and companies for investment warren buffett amassed one of the epochal fortunes of the twentieth century an astounding net worth of us 62 billion and counting his awesome investment record has made him a cult figure popularly known for his seeming contradictions a billionaire who has a modest lifestyle a phenomenally successful investor who eschews the revolving door trading of modern wall street a brilliant dealmaker who cultivates a homespun aura journalist roger lowenstein draws on three years of unprecedented access to buffett s family friends and colleagues to provide the first definitive inside account of the life and career of this american original buffett explains buffett s investment strategy a long term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces and shows how it is a reflection of his inner self

want to be the next buffett learning and understanding his rules to success is a good place to start this book will reveal some of the most important rules that warren buffett abide to all of which helped him achieved his tremendous success and attain his current status and popularity

beginning in 1956 in a spare bedroom in his parents omaha nebraska home warren buffett has built a personal fortune of four billion dollars today berkshire hathaway the investment company he controls has eleven billion dollars in assets including major holdings in coca cola wells fargo american express and capital cities abc but warren buffet is much more than wealthy and successful the man fortune magazine has ranked as the eighth richest american has managed to accumulate this enormous wealth while maintaining a unique reputation for the highest integrity and ethics in the often cutthroat world of american business and high finance so impeccable is his reputation in fact that in august 1991 when the venerable wall street firm of salomon inc was abruptly rocked by a bond trading scandal that threatened its very future warren buffett was the unanimous choice of salomon s board of directors of its clients of the federal government of regulators investigators and investors to take over as interim chairman and restore the firm s shattered reputation in warren buffet the good guy of wall street veteran business journalist andrew kilpatrick presents the story of warren buffet from his roots in omaha where his family goes back five generations his youth nicknamed fireball by his father he early demonstrated a gift for making money and at age eleven was making 1 000 a year from two paper routes his education at columbia university school of business harvard rejected him on the basis of a ten minute interview and how at age twenty six he started the buffett partnership kilpatrick explores berkshire hathaway s ownership of less glamorous but hugely profitable

companies such as geico insurance see s candies wesco finance nebraska furniture mart scott feltzer manufacturing and the world book encyclopedia he provides insights into buffett s business philosophy his unqualified insistence on integrity and his most daring financial operations this is the portrait of a man who made a fortune the old fashioned way who eschewed the risky short term strategies of the greed ridden 1980s in favor of commonsense investments in companies of genuine permanent value kilpatrick reveals an extraordinary human being who combines financial genius impeccable ethics surprising to some and a wonderful sense of humor warren buffett is an american original and this is his story book jacket title summary field provided by blackwell north america inc all rights reserved

a beginner s guide to the stock market offers a clear practical introduction for anyone who wants to start investing but feels intimidated by the complexity of the financial world matthew kratter an experienced investor and retired hedge fund manager breaks the process down into simple understandable steps so newcomers can avoid costly mistakes and learn to make smart decisions from day one he explains how the stock market really works why it offers such powerful wealth building potential and how to approach it safely instead of gambling with hard earned money kratter teaches readers where to open a brokerage account how to buy their first stock and how to build passive income through proven investing strategies he also walks through momentum trading value investing and techniques used by professionals to spot opportunities before they surge throughout the book he shows how to evaluate companies identify high quality stocks and avoid the traps that often catch beginners off guard his guidance is rooted in decades of experience but presented in a way that anyone can follow the book offers a comprehensive roadmap for building a strong financial future whether you want to invest like warren buffett trade short term winners or simply grow your wealth over time kratter provides flexible tools and insights that match your goals his advice empowers readers to approach the market with confidence clarity and discipline even if you ve never traded before this guide ensures you start the right way focused informed and ready to take advantage of the opportunities the stock market has to offer

if i were giving out an award for book of the year for internal audit professionals i would certainly award it to her outstanding manuscript radical reporting writing better audit risk compliance and information security reports richard chambers former president and ceo the institute of internal auditors most people dread writing reports they also dread reading reports what they don t realize is that the techniques that make writing more readable make it more powerful this is especially relevant for professionals in

areas such as audit risk compliance and information security this small volume provides the tools and techniques needed to improve reports it does so through addressing crucial concepts all too often overlooked in the familiar rush to perform tasks complete projects and meet deadlines these concepts the role of culture in communication the link between logic and language the importance of organizing thoughts before writing and how to achieve clarity may seem academic or theoretical they are not unless writers understand their own thoughts actions and objectives they cannot hope to communicate them at all let alone clearly this second edition develops these points with additional material on critical thinking as well as the use of ai in reporting
