this book examines the implications of article 12 of the un convention on the rights of persons with disabilities crpd its resulting standard of protection for persons with disabilities and the way it is understood and implemented in its diverse signatory states its overarching theme is to assess the impact of crpd article 12 on the private law concept of legal capacity and its limitations the significance of which carries over into the realm of penal law regulations its impact is analysed primarily from the legal point of view but with due regard for its psychological and psychiatric ramifications recognising the

importance of these disciplines is important when implementing crpd article 12 into domestic law as they contribute to the determinants in creating a qualificatory legal framework for all persons with disabilities in particular to exercise their rights to legal capacity without let or hindrance as active legal capacity is a notion rooted in and coming from private law this forms the main research perspective the first section discusses the foundational concepts constituting the crpd article 12 standard from domestic private law and international law perspectives the work shows that the concepts adopted in private law interact with the protection of persons with disabilities as victims provided for in criminal law in addition where relevant authors also look at public law institutions that are connected with the private law solutions the volume will be an essential reference for academics researchers and policy makers working in the areas of private law criminal law mental health law human rights discrimination law as well as psychology and psychiatry

in participation power and attitudes implementing article 12 of the convention on the rights of the child rebecca thorburn stern analyses how crc state parties describe their implementation of article 12 on respect for the child s views the focus of the study is on if and how references to traditional attitudes are used by state parties to explain their actions and inactions when implementing this key right and principle it is shown that traditional attitudes are employed less as justification of poor implementation than as a way of allocating responsibility to the population rather than to the state party and that references to tradition remain a mainly non western phenomenon thus also overlooking the impact of traditional attitudes in western societies

research can seem difficult to get to grips with however at the heart of this book is the view that research is essentially a simple activity the principles of which can be readily understood by students new to the subject each chapter guides the reader to uncover the mysteries of research exposing each aspect in turn while demonstrating how research in healthcare is a practical activity orientated directly to patient care fully updated to refer to the latest sources and studies this book now includes two new chapters on qualitative research clearly explaining what it is and how to do it a comprehensive glossary of qualitative and quantitative terms to demystify tricky terminology an appendix of statistical tests explaining the procedures for each many new

examples from practice applying the theory to a wide range of scenarios from across the healthcare professions this book is designed for all students of nursing and allied health professions studying research for the first time research is illustrated through examples of activities familiar to students from their daily lives helping to build confidence in undertaking research and evidence based practice
