central nebraska's platte river and rainwater basin are primary stops in the migration patterns

of numerous north american waterfowl including sandhill and whooping cranes sandpipers geese ducks gulls and shorebirds of many types upland species also abound there as well the region s most eminent ornithologist provides birding and travel information for casual tourists and hard core enthusiasts locations seasons events routes accommodations contacts etc a complete species list is also included this birders guide is as essential as your boots and binoculars

a respected author and scholar paul a johnsgard has spent a lifetime observing the natural delights of nebraska s woodlands grasslands and wetlands seasons of the tallgrass prairie collects his musings on nebraska s natural history and the issues of conservation facing our future johnsgard crafts essays featuring snow geese owls hummingbirds and other creatures against the backdrop of great plains landscapes he describes prairie chickens courting during predawn hours and the calls of sandhill cranes he evokes the magic of lying upon the prairie hearing only the sounds of insects and the wind through the grasses from reflections following a visit to a pawnee sacred site to meditations on the perils facing the state s finite natural resources seasons of the tallgrass prairie celebrates the gifts of a half century spent roaming nebraska s back roads trails and sometimes forgotten places

these fourteen essays originally appeared in prairie fire a monthly newspaper that for seven years has carried important messages of social environmental and economic issues to residents of nebraska iowa colorado and south dakota and subscribers in the rest of the world they discuss the north american east west ecological boundaries spring migration events bird feeders feathered survivors of a glacial past the threatened sharp tailed grouse the effects of climate change some sacred places aransas national wildlife refuge the ashfall fossil beds squaw creek refuge the hutton niobrara ranch sanctuary and yellowstone national park our troubles with mountain lions and grizzly bears and crane season in wyoming there is also an expanded informal autobiography my life in biology and a current and comprehensive list of all publications of a writer described as probably the world s most prolific living author of ornithological and natural history literature

from the forward by michael lesk google has now developed services far beyond text search google software will translate languages and support collaborative writing the chapters in this book look at many google services from music to finance and describe how they can be used by students and other library users going beyond information resources there are now

successful collaboration services available from google and others you can make conference calls with video and shared screens using google hangouts writing documents with small numbers of colleagues often involved delays while each author in sequence took over the writing and made edits today google docs enables multiple people to edit the same document at once an ingenious use of color lets each participant watch in real time as the other participants edit and keeps track of who is doing what if the goal is to create a website rather than to write a report google sites is now one of the most popular platforms google is also involved in social networking with services such as google other tools view social developments over time and space the google trends service for example will show you when and where people are searching for topics not surprisingly searches for swimwear peak in june and searches for snowmobile peak in january the complete guide to using google in libraries volume 2 research user applications and networking has 30 chapters divided into four parts research user applications networking searching the contributors are practitioners who use the services they write about and they provide how to advice that will help public school academic and special librarians library consultants lis faculty and students and technology professionals

the digital humanities in academic institutions and libraries in particular have exploded in recent years librarians are constantly developing their management and technological skills and increasing their knowledge base as they continue to embed themselves in the scholarly conversations on campus the challenges facing subject liaison librarians technical service librarians and library administrators are many this comprehensive volume highlights the wide variety of theoretical issues discussed initiatives pursued and projects implemented by academic librarians many of the chapters deal with digital humanities pedagogy planning and conducting training workshops institutes semester long courses embedded librarian instruction and instructional assessment with some chapters focusing specifically on applications of the acrl framework for information literacy for higher education the authors also explore a wide variety of other topics including the emotional labor of librarians the challenges of transforming static traditional collections into dynamic user centered digital projects conceptualizing and creating models of collaboration digital publishing and developing and planning projects including improving one s own project management skills this collection effectively illustrates how librarians are enabling themselves through active research partnerships in an ever changing scholarly environment this book was originally published as a special triple issue of the journal college undergraduate libraries

introduction what are digital collections selecting digital library system and digitization equipment planning digitization projects metadata strategy digitizing materials creating metadata design user interface storage repository implementation documentation and statistics staff knowledge and skills the complete digitization process and workflow

the central platte river valley region of nebraska is described ecologically and defined as encompassing 11 counties and nearly 10 000 square miles and extending about 120 miles from the western edge of lincoln county to the eastern edge of merrick county at its center is the platte river the historic spring staging area for sandhill and whooping cranes five species of geese and millions of waterfowl and water dependent birds in addition to providing the breeding habitats for more than 100 other bird species collectively at least 373 bird species have been reported from the central platte valley making it the most species rich bird location in nebraska and of the most species diverse regions in the great plains the abundance distribution and habitats of these species are summarized with special consideration given to the valley s three nationally threatened and endangered birds the whooping crane interior least tern and piping plover and the now probably extinct eskimo curlew also included are a species checklist a list of 82 regional birding sites and a bibliography of 130 citations

covers how to build an electronic library and how to update and expand it each chapter addresses selecting and evaluating web based resources in subject areas such as business social science health medicine and law and offers guidelines for an electronic library collection development plan

focuses on standards based approaches to planning executing and managing projects in which libraries and other cultural institutions digitize material and make it available on the web the topics include evaluating material for digitization intellectual property issues metadata standards digital library content management systems and more

this book contains 11 papers in english and 1 paper in spanish proceedings of the xvi world congress of the international union of prehistoric and protohistoric sciences florianopolis brazil 4 10 september 2011 volume 11

the new walford highlights the best resources to use when undertaking a search for accurate and relevant information saving you precious time and effort for those looking for a selective and evaluative reference resource that really delivers on its promise look no further in addition

to print sources the new walford naturally covers an extensive range of e reference sources such as digital databanks digital reference services electronic journal collections meta search engines networked information services open archives resource discovery services and websites of premier organizations in both the public and private sectors but rather than supplying a list of all available known resources as a web search engine might the new walford subject specialists have carefully selected and evaluated available resources to provide a definitive list of the most appropriate and useful with an emphasis on quality and sustainability the subject specialists have been careful to assess the differing ways that information is framed and communicated in different subject areas as a result the resource evaluations in each subject area are prefaced by an introductory overview of the structure of the relevant literature this ensures that the new walford is clear easy to use and intuitive publisher

libraries recognize the importance of digitizing archival material to improve access to and preservation of their special collections this book provides a step by step guide for creating digital collections including examples and practical tips that have never been published before illustrates concepts with an on going case study at the end of each chapter provides detailed technical information and practical experience discusses practitioners insight in digitization can be used as a guide for creating digital collections

a guide to using cad in the humanities disciplines

geophysical data in archaeology in the arts and humanities data service guides to good practice series is a basic guide to good practice in the creation methodology use and storage of geophysical data for archaeologists who increasingly use sophisticated methods for collecting and interpreting information
