virginia woolf was a civilian a noncombatant during the great war unlike the war poet wilfred owen she had not seen god through mud yet although she was remembered by her husband as the least political animal since aristotle invented the definition and called an instinctive pacifist by alex zwerdling her experience and memory of the war became a touchstone against which life itself was measured virginia woolf and the great war focuses on woolf s war consciousness and how her sensitivity to representations

of war in the popular press and authorized histories affected both the development of characters in her fiction and her nonfictional and personal writings as the seamless history of the prewar world had been replaced by the realities of modern war. Woolf herself understood there was no immunity from its ravages even for civilians. Karen L. Levenback's readings of *Mrs Dalloway* to the lighthouse and the years in particular together with her understanding of civilian immunity, the operation of memory in the postwar period and lexical resistance to accurate representations of war are profoundly convincing in securing Woolf's position as a war novelist and thinker whose insights and writings anticipate our most current progressive theories on war's social effects and continuing presence.
