timely necessary and important j k rowling this book is guaranteed to remind us what we have still to fight for i can t think of a single person who wouldn t benefit from reading it observer bindel is a rock star of second wave feminism an important courageous book the times bindel delivers a robust call to arms in every chapter this book could not be timelier as a young feminist who has finally seen the light i consider it essential reading the critic feminism is a quest for the liberation of women from patriarchy feminism strives for a world in which women are not oppressed feminism prioritises exposing and ending male violence towards women and girls this is julie bindel s feminism a definition born of 40 years at the front line of the feminist movement why then she asks is feminism the only social justice movement in the world that is expected to prioritise every other issue before pursuing its own objective of women s liberation why does the movement appear to be moving backwards accommodating the rights and feelings of men and leaving women in the cold women make up half the global population yet why is feminism still treated as a minority movement in this searing and ground breaking book bindel deconstructs the many

pervasive myths about feminism do women really want what men have can men be feminists are women liberated by sexual violation assessing whether feminism has achieved its goals and debunking theories that second wave feminism is irrelevant and one dimensional bindel shines a light on the most important issues including pornography sexual violence and prostitution drawing on bindel's own experiences as well as countless interviews with women and girls of all ages and backgrounds as well as contributions from commentators such as gloria steinem and chimamanda ngozi adichie feminism for women presents a clear sighted view of why feminism is a proud social movement that every woman on the planet benefits from the invisible forces of misogyny affect us all this book is a call to arms to reclaim feminism for all women only together can we resist and overcome

american women look at french women as having it all sex motherhood work and public office while french women look at american women as puritanical excessively feminist and unable to have it all without guilt the essays in this book by leading american and french academics and critics set the record straight by assessing the truth of each outlook they conclude that facts are different from imagination and that on many issues french feminists could actually look to the u s for inspiration this book offers the first comparative critical appraisal of how women live in the us and in france and suggests paths of reflection on what women can do to improve their lives in the twenty first century this is a must read for anyone interested in the nature of womanhood today in the western world

written for everyone interested in women's and gender history history matters reaffirms the importance to feminist theory and activism of long term historical perspectives judith m bennett who has been commenting on developments in women's and gender history since the 1980s argues that the achievement of a more feminist future relies on a rich plausible and well informed knowledge of the past and she asks her readers to consider what sorts of feminist history can best advance the struggles of the twenty first century bennett takes as her central problem the growing chasm between feminism and history closely allied in the 1970s each has now moved away from the other seeking to narrow this gap bennett proposes that feminist historians turn their attention to the intellectual challenges posed by the persistence of patriarchy she posits a patriarchal equilibrium whereby despite many changes in women's experiences over past centuries women's status vis à vis that of men has remained remarkably unchanged although for example women today find employment in occupations unimaginable to medieval women medieval and modern women have both encountered the same wage gap earning on average only three fourths of the wages earned by men bennett argues that the theoretical challenge posed by this patriarchal equilibrium will be best met by long term historical perspectives that reach back well before the modern era in chapters focused on women's work and lesbian sexuality bennett demonstrates the contemporary relevance of the distant past to feminist theory and politics she concludes with a chapter that adds a new twist the challenges of textbooks and classrooms to viewing women's history from a distance and with feminist intent a new manifesto history matters engages forthrightly with the challenges faced by feminist historians today it argues for the radical potential of a history that is focused on feminist issues aware of the distant

past attentive to continuities over time and alert to the workings of patriarchal power

capitalism and communism the progenies of the semitic culture have given birth to two different streams of women's liberation these streams which have stormed western society and communist groups have now actively intruded into the indian socio political milieu the moment these concepts encounter with indian realities they display their inherent contradictions and limitations but seldom an indian alternative to such views is discussed this book is an attempt to understand the indian approach through a comparative study aimed at addressing the issues related to the future women

a study of the key areas of issue and debate in feminist media studies this book explores the changing and often ambivalent relationship between the three terms women feminism and media in the light of these debates it places them within the broader discussions within feminist theory of which they have formed a crucial part

this best selling text reader offers 65 interdisciplinary readings drawn from work in the humanities and the social sciences classic and contemporary selections represent both feminist and anti feminist viewpoints in an examination of women's lives and the ways in which women can effect alternatives to traditional gender roles extensive chapter introductions place selections in context define and explain concepts and terminology and provide a cohesive framework for the collection

women and revolution deals with contemporary feminist political theory and practice it is a debate concerning the importance of patriarchy and sexism in industrialized societies are sexual differences and kin relations as critical to social outcome as economic relations what is the dynamic between class and sex is one or the other dominant how do they interact what are the implications for social change in the unhappy marriage of marxism and feminism hartmann argues that class and patriarchy are equally important and that neither a narrow feminism nor an economist marxism will suffice to help us understand or change modern society instead we need a theory that can integrate the two analyses

in this volume dr browne outlines a new vision for understanding older women and their place in society the author draws together the major themes of feminist writers and thinkers and develops alternatives to the present devaluing of older women reconceptualizing what growing older can mean to women she suggests a number of strategies to improve the lives of older women and ultimately looks to a new epistemology of women and age for a more respectful vision of women and men in the later years the volume's style will appeal to professionals and students in social work and sociology

repeatedly declared dead by the media the women's movement has never been as vibrant as it is today indeed as stanford professor and award winning author estelle b freedman argues in her compelling new book feminism has reached a critical momentum from which there is no turning back a truly global movement as vital and dynamic in the developing world as it is in the west feminism has helped women achieve authority in politics sports and business and has mobilized

public concern for once taboo issues like rape domestic violence and breast cancer and yet much work remains before women attain real equality in this fascinating book freedman examines the historical forces that have fueled the feminist movement over the past two hundred years and explores how women today are looking to feminism for new approaches to issues of work family sexuality and creativity freedman begins with an incisive analysis of what feminism means and why it took root in western europe and the united states at the end of the eighteenth century the rationalist humanistic philosophy of the enlightenment which ignited the american revolution also sparked feminist politics inspiring such pioneers as mary wollstonecraft and susan b anthony race has always been as important as gender in defining feminism and freedman traces the intricate ties between women s rights and abolitionism in the united states in the years before the civil war and the long tradition of radical women of color stretching back to the impassioned rhetoric of sojourner truth as industrialism and democratic politics spread after world war ii feminist politics gained momentum and sophistication throughout the world their impact began to be felt in every aspect of society from the workplace to the chambers of government to relations between the sexes because of feminism freedman points out the line between the personal and the political has blurred or disappeared and issues once considered merely private abortion sexual violence homosexuality reproductive health beauty and body image have entered the public arena as subjects of fierce ongoing debate freedman combines a scholar s meticulous research with a social critic s keen eye sweeping in scope searching in its analysis global in its perspective no turning back will stand as a defining text in one of the most important social movements of all time

women feminism and development illustrates the significance and relevance of work on development carried out from a feminist perspective with a particular focus on the contribution of canadian researchers and activists covering a wide range of themes and concerns the volume gathers authors from different organizational backgrounds and academic disciplines and includes chapters on such different cultural and geographical areas as china malaysia and thailand mexico and the west indies uganda malawi and ghana and canadian inuit and indian communities a unity of purpose as well as a call for a fundamental reconceptualization of society emerge from these varied voices women feminism and development is structured to convey a feminist perspective for the construction of theoretical methodological and political approaches to development a critical evaluation of the effect of development policies on women s lives and gender relations and an understanding of the multiple strategies that can lead to the empowerment of women and real development

a welcome progress report on the variety of feminisms at work in academe and beyond

young women today have benefited from the strides made by grassroots social activists in the 1960s and 1970s yet they are hesitant to identify themselves as feminists and seem apathetic about carrying the torch of older generations to redress persistent sexism and gender based barriers contesting the notion that we are in a post feminist age this provocative collection of original essays identifies a third wave of feminism the contributors argue that the next generation needs to develop a politicized collective feminism that both builds on the strategies of second

wave feminists and is grounded in the material realities and culture of the twenty first century organized in five sections that mirror the stages of consciousness raising this is an engaging often edgy look at a broad range of perspectives on the diversity complexity multiplicity and playfulness of the third wave it is also a call to action for new voices to redefine a feminism that is not only personally aware but also politically involved

writing about changes in the notion of womanhood denise riley examines in the manner of foucault shifting historical constructions of the category of women in relation to other categories central to concepts of personhood the soul the mind the body nature the social feminist movements riley argues have had no choice but to play out this indeterminacy of women this is made plain in their oscillations since the 1790s between concepts of equality and of difference to fully recognize the ambiguity of the category of women is she contends a necessary condition for an effective feminist political philosophy

this set is both a history of the global women s rights movement and an expert analysis of where that movement is and should be heading in the future feminism and women s rights worldwide is both a richly detailed history of the women s movement around the globe and a road map for the next stages in the ongoing fight for gender equality in this landmark three volume set a remarkable team of contributors draws on a wealth of contemporary research to discuss pivotal events issues and controversies related to the global women s movement with chapters addressing reproductive rights sexual slavery harassment forced marriage mortality in birthing domestic violence and rape job discrimination pay inequities women in leadership positions and other crucial issues together these volumes offer today s generation the real story of feminism and a call to action for the next wave of advocacy in education religion politics the military personal relationships the workplace and the home

informed by practices of women s activism in india this book proposes a feminist social justice framework to address the wide range of issues women face globally including economic exploitation sexist oppression racial ethnic and caste oppression and cultural imperialism using an interdisciplinary approach the book argues that current frameworks for global justice such as human rights need to be supplemented by a relational framework that includes resistance to economic exploitation and social oppression

karen beckwith examines the patterns of mass level political participation among american women from 1952 to 1976 four distinct forms of political participation are focused upon voting electoral activism conventional nonelectoral participation and political protest she then tests three explanations considered unique to the political participation of women in these areas the nature of women s work women s experience in political generations and adherence to or support of feminism surprisingly beckwith s study indicates that such traditional explanations reveal more about men than about women and that there is very little difference in participation between the sexes however beckwith found that reported feelings of political efficacy among women were less than among men even where actual participation differences were nonexistent

a pioneering study of the origins of feminist thought in late seventeenth century england

drawing from the work of internationally renowned scholars from the research network on gender politics and the state rngs this study offers in depth analysis of the relationship between state feminism women s movements and public policy and places them within a comparative theoretical framework spain france italy germany finland austria belgium canada and the u s are all discussed individually
