we spend so much time worrying about the little things in life money objects bills insignificant things really we give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love health family and friends we allow these trivial things to constantly overwhelm us and worry us sick we always wish for the future as opposed to rejoicing in the present and appreciating life for what it truly is a gift an opportunity to love and to be loved and by doing so opening our eyes to a truly beautiful reality a reality we fail to see without love we fail to see the true beauty of life the beauty of a brand new morning the beauty of a butterfly resting in a rose or the sweet melodies the bird sing instead we focus on the petty things and by so doing we keep ourselves from achieving the true happiness we seek time and time again i have encountered unhappiness in life and particularly in relationships people do not understand why their relationships are not going in the right direction people wonder why they are not as happy as they wish they could be and usually the reason for this is not an insurmountable one this unhappiness is mostly caused by a lack of communication lack of trust lack of honesty lack of attention or understanding sometimes a combination of these prevents us from achieving true happiness but they can be overcome and with my help and your willingness to change you will achieve just that these problems unfortunately are very common but there is a solution a simple solution i want to share with you i want to change the status quo by providing you with the tools you will need to overcome these problems i want to provide you with the tools you need to more successfully approach your love interest to better deal with your significant other and to even improve your marriage and everyday life i will show you how to communicate appreciate and better understand your partner above all i will help you love again the reason behind this book being written is the beautiful feeling one feels as soon as one falls in love a feeling that should never disappear it should evolve and become more objective but no less beautiful the flame of love should never vanish the honeymoon period whether you are married or have just entered into your first relationship should not fade and pass it should just transform and it can it will require a little effort and awareness of each other's preferences but remember all worthwhile endeavors do the origin of this book then rests in the predominant lack of understanding between the sexes in the predominant complaint my boyfriend pays more attention to his car than to me as well as my wife is always nagging no matter what i do she's never happy the origin of this book is due to the strong belief that i can change that that i can provide you the reader with a happy medium i strongly believe that i can show you how to meet halfway and become a happier person and a happier couple in the process i believe that i can help change those statements to something more positive i believe i can change those statements to something like my boyfriend enjoys spending time working on his car but he loves me i'm the most important thing in his life or my wife is the greatest she knows how much i love her and she knows any opportunity i get i want to be with her because i'm the most important person in her life maybe you noticed the use of thing and person and that is a purposeful mistake as you will soon learn

life experience has taught me that the necessities of life are many and varied there is nothing that the world hungers and needs so much as real love to possess love is to possess everything that you can desire in the present moment to be in love is to be set free indeed from life's imperfections and from

the lesser and to attain the perfect and the grander this is what everyone is consciously or unconsciously working for and only love alone can accomplish this as you live in love you will not only increase your ability and the power that does all things will also acquire that rare and most excellent faculty of doing the right thing at the right time and opportunities for more love will come your way thus the power of love and sexual instincts is written for that individual who desires to be equipped with love and sexual love skill that contributes to a more abundant life rather than going through the sex and love life by only muddling through without the depth of the matter the only life worth living is the loving one be that different now even though the concept of love and sex seems abhorrent to some people the topic is vital because love and sex is the foundation of human existence while ignorance may be bliss when everything is plain sailing ignorance has no defense when it comes to knowing the truth that sets free hence some accurate knowledge is useful when the bark of life gets near the rocks in stormy weather loving rightly is the most wonderful thing in the world one of the gains of the study of the power of love and sexual instincts will be a better comprehension of the many phenomena which burden and grieve the soul body mind and spirit bringing you into a new light a poem by nixon waterman puts it all too well to know all is to forgive all by increasing your knowledge you forgive yourself for having missed the mark in the past however in this context forgiveness is more important being forgiven by mother nature for having sinned against her for having abhorred love and sexual instincts

from the media to our mothers others have taught us certain rules about intimacy and love but what if these rules are wrong or even harmful sociologist and relationship expert pepper schwartz questions these assumptions challenges our values and breaks rules she offers fresh alternatives and solutions that fit our needs as individuals and shows that by letting go of traditional rules that don't suit us we can achieve complete satisfaction in our intimate lives
