this book gets to the heart of trophy hunting unpacking and explaining its multiple facets and controversies and exploring why it divides environmentalists the hunting community and the

public bichel and hart provide the first interdisciplinary and comprehensive approach to the study of trophy hunting investigating the history of trophy hunting and delving into the background identity and motivation of trophy hunters they also explore the role of social media and anthropomorphism in shaping trophy hunting discourse as well as the viability of trophy hunting as a wildlife management tool the ideals of fair chase and sportsmanship and what hunting trophies are both literally and in terms of their symbolic value to hunters and non hunters the analyses and discussions are underpinned by a consideration of the complex moral and practical conflicts between animal rights and conservation paradigms this book appeals to scholars in environmental philosophy conservation and environmental studies as well as hunters hunting opponents wildlife management practitioners and policymakers and anyone with a broad interest in human wildlife relations

this book provides an accessible and critical appraisal of australia s regional energy transition initiatives the book begins by situating australian energy transition in the context of australian and international debates about climate change and energy transition it then explores how energy transition planning was made possible in australia s regional energy heartlands even while public transition planning was impossible the authors consider five case studies of key early transition initiatives in the latrobe valley victoria hunter valley nsw central queensland queensland port augusta south australia and collie western australia they explore how transition came onto the agenda and outline the key actors decision points and actions the authors critically assess the successes and failures of each initiative drawing out key learnings for other regions the book concludes by evaluating the key cross cutting themes emerging from the five case studies and draws out the lessons they teach about how to achieve a just transition this concise book will be of great interest to students and scholars of energy transitions climate action social justice economic renewal and regional transition challenges and strategies both in australia and overseas

this timely text examines the causes and consequences of population displacement related to climate change in the recent past the present and the near future first and foremost this book includes an examination of patterns of population displacement that have occurred or are currently underway second the book introduces a three tier framework for both understanding and responding to the public health impacts of climate related population displacement it

illustrates the interrelations between impacts on the larger physical and social environment that precipitates and results from population displacement and the social and health impacts of climate related migration third the book contains first hand accounts of climate related population displacement and its consequences in addition to reviews of demographic data and reviews of existing literature on the subject topics explored among the chapters include hurricane katrina and new orleans hurricane maria and puerto rico the california wildfires fleeing drought the great migration to europe fleeing flooding asia and the pacific fleeing coastal erosion kivalina and isle de jean charles although the book is largely written from the perspective of a researcher it reflects the perspectives of practitioners and policymakers on the need for developing policies programs and interventions to address the growing numbers of individuals families and communities that have been displaced as a result of short and long term environmental disasters global climate change population displacement and public health is a vital resource for an international audience of researchers practitioners and policymakers representing a variety of disciplines including public health public policy social work urban development climate and environmental science engineering and medicine

this book examines the military characteristics and potential of artificial intelligence ai in the new global revolution in military affairs offering an original perspective on the utilization imagination and politics of ai in the context of military development and weapons regulation the work provides a comprehensive response to the question of how we might reflect on the ai revolution in warfare and what can be said about the ways in which this has been handled in the first part of the book ai is accommodated both theoretically and empirically in the strategic context of the revolution in military affairs rma the book offers a novel understanding of autonomous weapons as multi layered composite systems pointing to a complex non linear interplay between evolutionary and revolutionary dynamics in the second section the book provides an impartial analysis of the related politics and operations of power whereby increases in military budgets and r d of the great powers are met and countered by advocacy networks and scientists campaigning for a ban on lethal autonomous weapons as such it moves beyond popular caricatures of killer robots and points out some of the problems which result from over reliance on such imagery this book will be of much interest to students of strategic studies critical security studies arms control and disarmament science and technology studies and general international relations

australia's oldest university press is also one of our best known and most trusted publishers founded in 1921 as a bookshop for students at the university of melbourne melbourne university press was soon publishing important works that contained the best of national scholarship landmark mup books and series include the australian dictionary of biography manning clark's history of australia the encyclopaedia of new guinea and the journal meanjin these and other mup publications helped shape how australians perceived themselves and how they talked about literature politics race the pacific the world wars and public policy from its inception mup grappled with hard questions how should a university press be governed to what extent should such a press be concerned with political polemical and radical works and can a university press be financially self sustaining if it focuses on books that commercial publishers overlook the respective leaders of mup answered these questions in ways that regularly led the press into controversy using a century of mup publications and archives stuart kells has written a rich and fascinating history of an invaluable australian institution one that is widely seen as public property and whose ups and downs have always been news

heavily sourced crisply written and deeply alarming the times this is a remarkable book with a chilling message guardian the chinese communist party is determined to reshape the world in its image its decades long infiltration of the west threatens democracy human rights privacy security and free speech throughout north america and europe political and business elites wall street hollywood think tanks universities and the chinese diaspora are being manipulated with money pressure and privilege hidden hand reveals the myriad ways the ccp is fulfilling its dream of undermining liberal values and controlling the world

narratives provide the storylines of conflict and in doing so become an arena of conflict themselves when states mount information campaigns against each other they are trying to change the narrative the digital platforms of the new information environment have been identified by various analysts as a significant factor in contemporary strategy and crisis management but while social media is noisier and more chaotic than traditional media and unprecedented in its immediacy and accessibility has it thus far been a game changer in strategic affairs in this adelphi book sir lawrence freedman and heather williams examine the impact of state led digital information or disinformation campaigns in four contexts the india pakistan crisis over kashmir in 2019 the heightened tensions between the united states and iran following the assassination of qasem soleimani in 2020 china s messaging in response to the covid 19 pandemic from 2020 22 and the russia ukraine crisis from 2013 23 while noting the meaningful consequences of digital information campaigns in each case the authors call for a sense of perspective such campaigns are only one aspect of wider political struggles they are also difficult for their initiators to control and less likely to influence foreign audiences than domestic ones overall the authors argue there is little evidence so far to suggest such campaigns will have as much influence over contemporary crises as the classical instruments of military and economic power

key directions in legal education identifies and explores key contemporary and emerging themes that are significant and heavily debated within legal education from both uk and

international perspectives it provides a rich comparative dialogue and insights into the current and future directions of legal education the book discusses in detail topics including the pressures on law schools exerted by external stakeholders the fostering of interdisciplinary approaches and collaboration within legal education and the evolution of discourses around teaching and learning legal skills it elaborates on the continuing development of clinical legal education as a component of the law degree and the emergence and use of innovative technologies within law teaching the approach of pairing uk and international authors to obtain comparative insights and analysis on a range of key themes is original and provides both a genuine comparative dialogue and a clear international focus this book will be of great interest for researchers academics and post graduate students in the field of law and legal pedagogy
