revised and updated this third edition of barbara johnstone s discourse analysis encourages students to think about discourse analysis as an open ended set of techniques exploring a variety of approaches including critical discourse analysis conversation analysis interactional and variationist sociolinguistics ethnography corpus linguistics social semiotics and other qualitative and quantitative methods the book balances its comprehensive coverage with extensive practical examples making it the ideal introductory text for students new to the subject this new edition reflects the increased importance within the field of new media discourse multi modal discourse and the analysis of large corpora of

discourse data updated material expands the discussion of stancetaking whilst new material addresses recontextualization precontextualization and language and the body pedagogical features have been refreshed including discussion questions exercises and ideas for small research projects with suggested supplementary readings at the end of each chapter to encourage further discovery chapters in this book are self contained so they can be handled in any order suggested supplementary readings are featured at the end of every chapter book is written specifically for a non specialist interdisciplinary audience examples of computer aided corpus analysis reflecting the improvements made to theories and tools supplement every chapter discussion questions and ideas for small research projects are interspersed throughout the combination of breadth of coverage practical examples and student friendly pedagogical features ensures discourse analysis remains the ideal textbook for students taking their first course in linguistic approaches to discourse

this book provides a comprehensive account of the discipline of critical discourse analysis cda and demonstrates multiple linguistic methods through which it exposes and demystifies ideologies that are present in institutional discourse the book enables readers to critique the complexities of the relationship between language and power to expose the ideological operation of discourse proceeding from a theoretical grounding for cda in contemporary society the book comprises analysis of a wide range of discourse examples including the news media political speeches public service leaflets and social media readers are guided through a diverse range of models in cda in order to scrutinise and assess the role of language in society and to consider and challenge the principles of powerful networks institutions and organisations

bringing together papers written by norman fairclough over a 25 year period critical discourse analysis represents a comprehensive and important contribution to the development of this popular field the book is divided into seven sections covering the following themes language in relation to ideology and power discourse in processes of social and cultural change dialectics of discourse dialectical relations between discourse and other moments of social life methodology of critical discourse analysis research analysis of political discourse discourse in globalisation and transition critical language awareness in education the new edition has been extensively revised and enlarged to include a total of twenty two papers it will be of value to researchers in the subject and should prove essential reading for advanced undergraduate and postgraduate students in linguistics and other areas of social science

teun van dijk is one of the founders of critical discourse studies and this collection brings together some of his most important writing framed by new introductory material he examines the role of discourse in the reproduction of power and domination in society and

the ways in which media and political elites control access to public discourse

an inventive insight into how language is used while examining different discourses that signify ideas values and identities with communication in our post modern society the book has a unique and compelling point of view of contemporary examples of cda but never oversimplifies it

outlining the core methodological and theoretical premises this book presents the essential approaches that you need to know when doing discourse analysis for the first time chapters cover discourse and society discourse and pragmatics discourse and genre discourse and conversation discourse grammar corpus approaches multimodal discourse and critical discourse analysis encompassing the latest trends and developments this third edition includes a new chapter on discourse and digital media new topics including english as a lingua franca linguistic landscapes and translanguaging updated examples from a variety of global perspectives and contexts ranging from north america to east asia updated discussion questions throughout each chapter also features exercises discussion questions and lists of further reading alongside online resources with lecture slides extended readings and enhanced bibliographies this is the only book you need for doing discourse analysis

an exploration of how any language produced by man spoken or written is used to communicate for a purpose and within a context

routledge english language introductions cover core areas of language study and are one stop resources for students assuming no prior knowledge books in the series offer an accessible overview of the subject with activities study questions sample analyses and commentaries revised and updated throughout the new edition of discourse analysis provides a comprehensive overview of the major approaches to and methodological tools used in discourse analysis this textbook introduces both traditional perspectives on the analysis of texts and talk as well as more recent approaches that address technologically mediated and multimodal discourse incorporates practical examples using real data now revised to include more diverse examples from a wider range of countries includes a revised final section to highlight recent research with case studies showcasing examples of how scholars used the principles illustrated in the book is accompanied by online support material with additional student activities summaries explanations and useful links other features of the new edition include updated references and a wider range of material from social media that includes tiktok and other more recently popular platforms written by an experienced teacher and author this accessible textbook is essential reading for all students of english language and linguistics

this volume is the most comprehensive overview to date of sociologically orientated approaches to text and discourse analysis and is worth reading even for those who are interested only in purely linguistic approaches to text and discourse its main merit i think is that it introduces approaches which up to now have hardly been admitted into the universe of scientific discourse discourse studies methods of text and discourse analysis provides the most comprehensive overview currently available of linguistic and sociological approaches to text and discourse analysis among the 10 linguistic and sociological models surveyed in this book some of the more important are grounded theory content analysis conversation analysis and critical discourse analysis the book presents each approach according to a standardised format which allows for direct systematic comparisons the fully annotated lists of sources provide readers with an additional means of evaluation of the competing analytical methods interdisciplinary and international in its aims methods of text and discourse analysis suggests the benefits both linguists and sociologists will derive from a more intimate knowledge of each others methods and procedures

this is a guide for students who are considering using critical discourse analysis as the main methodology in their research critical discourse analysis is an emergent research method and can be rather formidable for students looking for a point of entry this text makes the initiation a gentle and helpful one

a landmark in the oeuvre of one of the founding fathers of discourse analysis van dijk has managed to edit a volume of lasting significance and some of the chapters in this book belong to the most widely read in the field in its totality discourse studies offers us a 360 degree tour of the field nothing in this volume is dated everything remains mandatory reading for every student and advanced practitioner jan blommaert tilburg university this very welcome updated second edition will allow teun van dijk s very popular discourse studies to consolidate its already strong and central position in the area featuring chapters written by so many of the leading scholars it will continue to be a stimulating and wide ranging introduction to the discipline of discourse studies for new generations of students malcolm coulthard university of birmingham this book is the largest most complete most diverse and only multidisciplinary introduction to the field a combined second edition of two seminal texts in the field the 1997 titles discourse as social interaction and discourse as structure and process this essential handbook is fully updated from start to finish to cover contemporary debates and research literature covers everything from grammar narrative argumentation cognition and pragmatics to social political and critical approaches adds two new chapters on ideology and identity puts the student at the centre offering brand new features such as worked examples sample analyses and recommended further reading written and edited by world class scholars in their fields it is the essential one stop

companion for any student of discourse analysis and discourse studies

what is discourse analysis is an accessible introduction to an empirical research approach which is widely used in the social sciences and related disciplines this book explores the idea of how meaning is socially constructed and how talk and text can be interpreted the challenges of discourse analysis are outlined as well as helpful ways to approach them from finding the right starting point processing and interpreting data through to building an argument discourse analysts work with language data including talk documents and broadcast material researchers in different traditions study interactions and social practices meaning making and larger meaning systems and contests and conflicts around collective identities social norms and subjectification what is discourse analysis addresses new researchers and other academics interested in language and its associated practices the book outlines the history of discourse analysis its key concepts and theorists and its uses and challenges discussions of published studies illustrate the use of the approach to investigate a range of research topics such as gender health and national identities the book also addresses the practical aspects of discourse analysis providing clear guidance on data collection and data processing including transcription and selection covering important topics what is discourse analysis draws from recent articles to show how discourse analysis works in action common questions about discourse analysis are presented in a lively and accessible q a format this book will be an essential resource for all researchers working with discourse analysis

this book is designed as an introduction to critical discourse analysis cda and gives an overview of the various theories and methods associated with this sociolinguistic approach it also introduces the reader to the leading figures in cda and the methods to which they are most closely related the text aims to provide a comprehensive description of the individual methods an understanding of the theories to which methods refer and a comparative treatment of each of these methods so that students may be able to determine which is the most appropriate to select for their particular research question given the balance between theory and application plus the intended audience no previous knowledge of cda is assumed methods of critical discourse analysis should be useful reading for both students and researchers in the fields of linguistics sociology social psychology and the social sciences in general

james paul gee s introduction to discourse analysis theory and method 5th edition provides a comprehensive guide to conducting discourse analysis the book outlines gee s approach which involves examining how language is used in context to construct meaning identities relationships and social practices the theoretical framework is built around seven building tasks that language performs significance practices identities relationships politics

connections and sign systems and knowledge gee introduces six tools of inquiry for analysing these tasks situated meanings social languages figured worlds intertextuality discourses and conversations methodologically gee emphasizes the importance of context and the reciprocal relationship between language and context he discusses transcription outlines the components of an ideal discourse analysis and addresses issues of validity the book provides practical guidance on analysing different aspects of language such as intonation units stanzas and the overall organization of oral and written texts gee uses interview data to demonstrate how identities and socially situated meanings are constructed through language the updated edition includes a new chapter on multimodal discourse analysis demonstrating how gee's approach can be applied to texts that combine language with other modes of communication like images or video overall the book equips readers with a robust toolkit for systematically analysing discourse

this text shows that critical discourse analysis is able to provide the analytic context skills and tools by which we can study how language constructs constitutes and shapes the social world

introduction to discourse studies follows on jan renkema's successful discourse studies an introductory textbook 1993 published in four languages this new book deals with even more key concepts in discourse studies and approaches major issues in this field from the anglo american and european as well as the australian traditions it provides a scientific toolkit for future courses on discourse studies and serves as a stepping stone to the independent study of professional literature introduction to discourse studies is the result of more than twenty five years of experience gained in doing research and teaching students professionals and academics at various universities the book is organized in fifteen comprehensive chapters each subdivided in modular sections that can be studied separately it includes 400 references from the most cited contemporary publications to influential classic works 500 index entries covering frequently used concepts in the field more than 100 thought provoking questions all elaborately answered which are ideal for teacher supported self education nearly 100 assignments that provide ample material for teachers to focus on specific topics of their own preference in their lectures jan renkema is a member of the department of communication and information sciences at tilburg university the netherlands he is also editor of discourse of course 2009 and author of the texture of discourse 2009 in 2009 a chinese edition of introduction to discourse studies was published by shanghai foreign language education press

this book provides an introduction to the aims theories and practices of critical discourse analysis cda it is mainly concerned with the linguistic aspects of cda it provides an introduction to the different types of language analysis that are employed in cda frequency

analysis covers conversation transitivity and reference and figurative language for example and seeks to provide readers with the skills to apply them in different contexts to various types of texts political speeches marketing pieces literary works advertising multimedia persuasive texts discourses on race gender and politics

illustrates scope and focus of discourse analysis through a selection of chapters from current titles in the continuum discourse series
