a self help book for those suffering from anxiety stress low mood insecurity or those who simply wish to understand how our minds work and what we can do cope better with life s challenges

what is consciousness is the mind a machine what makes each of us a person how do our bodies

relate to our minds in this deeply engaging exploration of what it means to be human rowan williams addresses such questions with lucid meditations that draw on insights from neuroscience philosophy psychology and literature he then probes the relation of faith to human flourishing and shows how a traditional christian practice namely silence can help us realize our fullest human potential book jacket

roger smith offers a philosophical and historical response to modern western discussion of what is human he moves across the disciplinary boundaries which divide up intellectual life in pursuit of a conception of the human sciences

kagan ponders a series of important nodes of debate while challenging us to examine what we know and why we know it most critically he presents an elegant argument for functions of mind that cannot be replaced with sentences about brains while acknowledging that mind emerges from brain activity he relies on the evidence to argue that thoughts and emotions are distinct from their biological and genetic bases in separate chapters he deals with the meaning of words kinds of knowing the powerful influence of social class the functions of education emotion morality and other issues and without fail he sheds light on these ideas while remaining honest to their complexity publisher s description

an insightful look at alienation in the modern world from the new york times bestselling author of the art of loving and escape from freedom social psychologist erich fromm observed the spread of alienation in the 1960s arguing that humans who were once dynamic creative beings were reduced to fixating on tv screens emotionally paralyzed by anxieties over threats like nuclear war though we may stare at different devices and worry about other dangers today his insights are as useful as ever and allow us to gain perspective on the human condition a collection of his writings on new humanism and the need to reclaim our happiness and peace of mind this is a thoughtful fascinating overview of the past that shaped us and the philosophies and practices that can ensure a better future both for ourselves and for the world at large included are reflections on thinkers from karl marx to medieval catholic mystic meister eckhart as fromm s large keen mind and attractive likable voice strive for heart as he asks himself the hardest questions of his day kirkus reviews this ebook features an illustrated biography of erich fromm including rare images and never before seen documents from the author s estate

in an age of robotics artificial intelligence and renewed respect for animals are we still such extraordinary creatures in on being and becoming human psychiatrist willard gaylin uses two of western culture s most powerful legends adam and eve and pinocchio to define the fundamental nature of being human

traces the development of the human consciousness and argues that many scientific theories of human nature denigrate the value of humanity

an account of china's past and present how a small group of people at the edges of the yellow river evolved to become the state of china today despite decades of a relatively open door relationship with the rest of the world china is still a mystery to many outside it how does china work what does it want why does it want it and what does its rise to global power mean for the rest of the world as the twenty first century looks set to be the stage for a battle about competing geopolitical ideals these are urgent questions for everyone with an interest in what the future might bring a world of its own china is both a microcosm and an amplification of questions and events in the wider world china's story offers us an opportunity to hold a mirror to ourselves to our own assumptions to our values and to our ideas about the most important question of all what it means to be human in the world of the state epic in scope this is the story of how china became the state it is today and how its worldview is based on what has gone before weaving together inspirations ideas wars and dreams jeanne marie gescher reveals the heart of what it means to be chinese and how the past impacts the present

three women of different religious backgrounds share details about conversations they have had concerning what divides and unites people of christian jewish and muslim faiths

building a relationship with a city is a lot like building a relationship with another person just as cities can be intoxicating generous and inspiring so they can also be dangerous fickle and impenetrable how to live in the city is a book for navigating and nurturing this important relationship hugo macdonald believes you need to feel a city to understand it he won't tell you how wide the perfect pavement should be but he will show you how to walk down a pavement with eyes wide open this is a book to help you feel human in an inhuman environment

developed from a phd thesis this book ranges across history philosophy sociology and performance to examine the nature of identity in a world where machines are becoming more and more a part of our lives and of ourselves

offering a unique insight into human behaviour this fascinating book explains why we behave the way we do what happens when humans interact with the world and each other and how science maths psychology and other disciplines play their part

a collection of narratives humorous stories and songs from mormon missionaries that has become a classic study of narrative folklore the 64th annual faculty honor lecture in the humanities utah state university

discipleship and unity bonhoeffer's ecumenical theology presents a fresh approach to church unity and discipleship from a familiar voice building constructively from the thought of dietrich bonhoeffer cole jodon offers an account of ecumenism in which the church is understood to be united as the person of christ a unity that is concrete today through active obedient discipleship to develop this theology jodon draws from bonhoeffer's ecumenical engagement which is deepened

through the theology of bonhoeffer s wider corpus jodon illumines bonhoeffer s dynamic understanding of the church its unity and the manner in which that unity is made concrete in the world at its heart this book serves to advance an ecumenical theology enlivened by the living and present christ who calls his church to follow after him together

a revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features
