leadership is a vital part of delivering high quality healthcare for all healthcare professionals with the introduction of the nhs leadership academy leadership framework and the competency framework there has never been a better time for paramedics to hone their leadership skills and expertise this is the first book of its kind to demonstrate just how vital leadership skills are for all paramedics and explore how paramedics can lead in their everyday practice divided into two parts the book looks at both the context of contemporary leadership for paramedic practice and then the specific skills of leadership the book includes chapters on what is leadership and who does it communication skills leadership working as a team decision making conflict resolution mentorship and preceptorship each chapter includes case studies examples and quotes from real life paramedic practice to show what good leadership looks like in everyday clinical settings the book also features profiles of real paramedics that demonstrate the role that leadership plays for all practitioners from novice student paramedics through to specialist paramedic practitioners essential reading for student paramedics and practitioners alike contributors kevin barrett amanda y blaber graham harris paul jones linda nelson mel newton caryll overy marion richardson paul street and surinder walia the notion of leadership within the united kingdom s uk national health service nhs has without question been one which continues to draw debate amongst policy makers executive officers service users professional bodies and regulators this book explores the many paradigms in which the notion of leadership plays an ever increasing role in the lives of healthcare professionals its interaction with summaries of leadership ideologies along with the questions posed by the authors allow students to delve into the role of leadership illustrating the various ways in which strong leadership helps shape and improve patient client outcomes the book explores the many paradigms in which the notion of leadership plays an ever increasing role in the lives of healthcare professionals this publication is not only an essential read for student paramedics but other healthcare students embarking upon a career within the healthcare setting along with student paramedics this

book will assist experienced paramedics and those responsible for educating and mentoring paramedic students drawing on a vast range of experience and knowledge from a number of contributors to the book the text provides insightful and illuminating ideas and suggestions as to how the notion of leadership helps practitioners develop their own knowledge and skills as they progress through their career to become registered healthcare professionals i strongly recommend this book to those starting their careers as healthcare professionals john donaghyjohn donaghy bsc hons pgcert fhea fcpa principal lecturer professional lead paramedic science university of hertfordshire uk

based on current guidelines standards and medical research in the ems field sanders paramedic textbook sixth edition is both a comprehensive learning tool for paramedic students and reliable desk reference for emergency physicians this critical resource includes in depth explorations of key subjects such as pathophysiology pharmacology airway management medical disorders patient assessment and trauma

a first to market canadian case studies text for paramedics intended to accompany paramedic textbooks as well as for standalone sales to paramedics looking to brush up on their skills this book challenges students to draw on their knowledge in order to respond effectively to the patient situation profiled in each case case based learning helps students to apply what they ve learned and live the experience it is a collection of scenarios that the author has encountered over the past two decades working as a paramedic

sojourner by marguerite antonio is an eco conscious science fiction story featuring intergalactic beings talking dolphins and more the author s love for sea creatures especially dolphins and others that are endangered due to pollution inspired the book although a traditional science fiction some qualities make sojourner unique the blend of fictional elements such as space travel portals with real life elements such as nature humans this makes the book very relatable even to those who may not be typical sci fi fans as the story

combines eco consciousness with entertainment it takes readers to an exciting fictional world whilst also keeping them grounded in reality and conscious of its challenges the current push for awareness on environmental pollution and its consequences on earth make the book especially relevant today synopsis of sojourner by marguerite antonio etroygylus is honoured and somewhat nervous to be the youngest captain of the four landing parties that the intergalactic council dispatched to planet earth their mission is to surreptitiously study and report on the severity of pollution on the planet and to assess the degree to which humans are addressing the problem although he has been well trained and well versed in the history of earth s people he can only hope that his true identity remains hidden behind his alias troy and that he can safely pilot the landing craft and lead his crew to successfully complete their mission he knows they will face challenges and danger and could meet with hostility and suspicion but he trusts their sojourn on planet earth will be informative and hopefully rewarding

as a follow up to the author s first book the startup protocol a guide for digital health startups to bypass pitfalls and adopt strategies that work this book is a series of case studies about digital health unicorns the ultimate goal is to further educate digital health startup founders and their teams about what it takes to be successful and have a lasting positive effect on our healthcare delivery system through a series of interviews with unicorn founders and leaders the book will synthesize the information and highlight the elements that led to the growth and success of the companies building on the template of ideate build launch and grow outlined in the startup protocol this book documents the origin story of each unicorn and then follows it through the process of building their solution launching the solution and growing their company to unicorn status
