this is the revised edition of the first text book in english specially developed for training for ipma d and ipma c exams now based on version 4 of the icb in this 4th edition the text has been restructured and extended to align with the structure and scope of the competence elements in the icb version 4 divided into practice competences people competences and perspective competences therefore this book will be essential guidance and study book for everyone studying for the ipma d ipma c and ipma b exams besides that it is an extremely rich source book for those project managers that have committed themselves to a lifelong professional development in addition the book had to be applicable to groups of project managers originating from diverse cultures for this reason this is not a book that tells how a westerner must behave in an arab or an asian country but one that looks at the different subjects covered in the icb as seen from diverse cultural standpoints each chapter is based on the same structure key concepts introduction actions that lead to competence development self assessment special topics assignments text boxes additional to the main text give additional explanation to the main text an elaborate index of terms allows that this book can be used as a highly up to date information source to all aspects of project management next to that all a web site is available with videos discussion fora on specific topics and the opportunity to discuss with the author

winner of the 2013 choice outstanding academic title award the famous ryōsai kenbo or good wife wise mother role of women was not after all a traditional confucian view but a modern construct in fact its first appearance in japan as koyama shizuko points out was in the latter half of the nineteenth century due principally to the influence of european ideas about women girls at the time were proud to fulfill their new role of contributing to not just the family but to the formation of the state koyama s discovery has transformed how we see modern women s

history in japan and the similar discoveries that have followed regarding china s wise wife good mother and korea s wise mother good wife previous studies have interpreted ryōsai kenbo thought which was widely recognized in nationally sanctioned educational standards as a backward feudal or even reactionary view of women and therefore peculiar to girls and womens education in prewar japan as a result ryōsai kenbo thought was seen to be completely distinct from postwar views of women in japan and western europe that have also emphasized the role of women as wives and mothers here however ryōsai kenbo thought is examined as a mode of thought inseparable from such issues as the formation of the modern citizen state and the formation of the modern family instead of reducing it to a specific pre world war ii japanese ideal of womanhood koyama argues that ryōsai kenbo thought is in fact a modern mode of thought related to and having much in common with views of the qualities desirable in a woman both in postwar japanese society as well as in modern western nations and beyond
