employment is changing fewer of us have full time jobs with final salary pensions and the former assumption that if you studied hard you would get the job of your dreams no longer holds

work it out will help you gain the skills aptitude and confidence to adapt and prosper in this new world of work whatever your age or background rather than devoting all your time to one job often to the exclusion of other interests work it out shows you how to find and create individual pieces of work with the help of personal contacts the internet and other resources and use these workpieces to build a career but this book is about far more than the process of working to earn money it provides a template for making work fit into your life providing an income and financial security but also accommodating the needs of your family and relationships and satisfying your personal ambitions let it guide you in creating a life that is truly fulfilling

we are here with you tonight with those few words in august 1973 sarah chambers her husband richard and their good friends alice and dick started a journey that would take them far beyond anything they could possibly imagine they would explore the unseen realm of the spiritual world with their teacher michael along with good friend eugene trout they would become the creators of a new spiritual teaching based in love that is used to help people become more of who they really are the group kept transcripts of their meetings and those transcripts were quietly copied and passed around to their friends then copied and passed on to their friends volume 1 contains the transcripts themselves volume 2 contains the charts cartoons drawings and compilations by various members of the group as well as background on the members of the group volume 3 contains additional transcripts from 1978 1985 and updates to volume 1

the international handbook of research in professional and practice based learning discusses what constitutes professionalism examines the concepts and practices of professional and practice based learning including associated research traditions and educational provisions it also explores professional learning in institutions of higher and vocational education as well the practice settings where professionals work and learn focusing on both initial and ongoing development and how that learning is assessed the handbook features research from expert contributors in education studies of the professions and accounts of research methodologies from a range of informing disciplines it is organized in two parts the first part sets out conceptions of professionalism at work how professions work and learning can be understood and examines the kinds of institutional practices organized for developing occupational capacities the second part focuses on procedural issues associated with learning for and through professional practice and how assessment of professional capacities might progress the key premise of this handbook is that during both initial and ongoing professional development individual learning processes are influenced and shaped through their professional environment and practices moreover in turn the practice and processes of learning through practice are shaped by their development all of which are required to be understood through a range of research orientations methods and findings this handbook will appeal to academics working in fields of professional practice including those who are concerned about developing these capacities in their students in addition students and research students will also find this handbook a key reference resource to the field

every day millions of children in developing countries face adversities of many kinds yet there is a shortage of sound evidence concerning their plight and an urgent need to identify the most appropriate and effective policy responses from among the multiple approaches that exist this collection of journal papers aims to engage with researchers and debates in the field so as to understand better some of the numerous risks confronted by children in developing countries it highlights the complexity of protecting children in various forms of adversity challenges conventional wisdom about what protects children demonstrates why it is essential to consult with children to protect them successfully and suggests that successful protection must be based on strong empirical understanding of the situation and the perspectives of children and communities involved the contributors are all experienced researchers and practitioners who have worked for many years with children in developing countries the book offers suggestions for reform of current child protection policies based on empirical findings around a range of child protection concerns including children s work independent migration family separation early marriage and military occupation together the contributions provide a body of knowledge

important to humanitarian and development policy and practice this book was published as a special issue of development in practice

essay from the year 2014 in the subject leadership and human resources miscellaneous grade 10 university of applied sciences dresden language english abstract is part time work the key to happier families empirical findings on job satisfaction and personal happiness of part time workers over the last decades there has been a large increase of women in jobs and hence an increase in dual earner households consequently a significantly higher amount of stress and pressure on men and women has been observed as it is difficult to combine the duties at work and at home which can reduce the overall quality of life and threat the work life balance for many people part time work can be a solution to this problem especially in industrial nations by definition an employee works part time if he regularly works fewer hours than a comparable full time employee the number of hours varies from state to state and institution to institution however there has been an increase in part time work also in traditionally full time professions in europe about 32 of all women and 8 of men work part time though this rate is lowest in eastern countries and highest in northern and western countries in the usa about 23 of employees work part time but does part time employment really increase the personal and work satisfaction why is the satisfaction higher or lower and what are benefits and disadvantages of part time work moreover what determines the satisfaction in part time arrangements apart from influences of work and personal life
