Sport Funding and Finance provides a complete introduction to the macro level and micro level aspects of sport finance. It describes the evolution of sport from a kitchen table operation into the sophisticated boardroom driven global financial industry that it is today. It uses the professional sports leagues of the US and Europe as an international benchmark and explains why the financial context is so important for all managers working in sport. The book also provides a step by step introduction to the principles and practice of effective financial management, providing the reader with a complete set of professional tools and skills for use in the sport industry. Now in a fully revised and updated new edition, the book develops the reader's understanding by first explaining basic concepts in finance and accounting before progressing to more complex issues and ideas. It covers every key topic in financial management including planning and strategy, budgeting, financial projections, fundraising, pricing, costing, feasibility studies, economic impact analysis, ratio analysis. Every chapter includes a blend of theory, contextual material and real world data and case studies from around the world, clearly linking principles to practice as well as review questions and problem solving exercises to test the reader's understanding. Sport Funding and Finance is the perfect foundation text for any degree level course in sport finance and an invaluable reference for any sport management professional looking to deepen their understanding of funding and finance.

Consultants and practitioners working with change can feel at a loss as to how to help their clients move forward. Organisations get stuck in routine ways even when they have innovations in mind. Consultants get stuck in familiar interventions which no longer prove stimulating or effective. Such challenges to practice can preoccupy and reinforce these stuck positions. Drawing on the authors' experiences of working with the professional development of consultants and change agents over many years, this book provides an asset based approach to consulting where the resources to work at this stuckness come from the way that we think about and use ourselves, our identity and our

presence the authors propose that developing capacities to recognise and analyse who we bring into our consulting and how we bring ourselves is central to resource ful practice without a skill ful integration of these resources the potential for change can be compromised in handbook format the book is structured in seven sections potential space identity presence role space practice change and future developments
