revolutions are melancholy moments in history brief gasps of hope that emerges from misery and disillusionment this is true for great revolutions like 1789 in france or 1917 in russia but applies to lesser political upheavals as well conflict builds into a state of tense confrontation like a powder keg when a spark is thrown an explosion takes place and the old edifice begins to crumble people are caught up in an initial mood of elation but it does not last normality catches up why do revolutions occur in this completely revised edition of the modern social conflict ralf dahrendorf explores the basis and substance of social and class conflict ultimately he finds that conflicts are about enhancing life chances that is they concern the options people have within a framework of social linkages the ties that bind a society which dahrendorf calls ligatures the book offers a concise and accessible account of conflict s contribution to democracies and how democracies must change if they are to retain their political and social freedom this new edition takes conflict theory past the fall of the berlin wall in 1989 and into the present day upon publication of the original 1988 edition stanley hoffmann stated ralf dahrendorf is one of the most original and experienced social and political writers of our time this book is both a survey of social and political conflict in western societies from the eighteenth century to the present and a tract for a new radical liberalism and saul friedländer wrote ralf dahrendorf has written a compelling book the brilliant contribution of a convinced liberal to the study of conflict within contemporary democratic society

as part of its mandate to guide and define the role of the private sector in poverty reduction and inclusive development the undp istanbul international center for private sector in development iicpsd produced the barriers and opportunities at the base of the pyramid foundational report developed by an interdisciplinary team of 18 leading poverty experts the report leverages an ecological approach to understanding barriers to poverty reduction the report presents poverty as a complex web of accumulating and interacting disadvantages facing people living in poverty which in turn sustain and perpetuate a life of socioeconomic exclusion the barriers are clustered into five broad categories early developmental barriers health barriers skill barriers social barriers and decision making barriers using this framework the iicpsd surveyed a diverse group of practitioners to understand what are some of the opportunities private sector actors can undertake to help tackle these barriers the report clusters private sector actions into four broad approaches each within its own commercial logic corporate social responsibility social enterprise inclusive business and mainstream business through a survey of policy makers and experts the report also discusses the role of critical enablers that can facilitate a great role for the private sector in poverty reduction and inclusive development the report look into how the public sector international organizations and development agencies academia ngos innovative inclusive financing and impact investing and technology can catalyze further private sector action in poverty reduction the report ends with a note that if poverty means a life of socioeconomic exclusion for people at the base of the pyramid the solution is to preclude poverty through social inclusion and the private sector can play a much more substantial and strategic role towards this end

ludger pries explores the important moral social and political challenge facing europe and the international community the protection of refugees as one of the most vulnerable groups on the planet

latin america has experienced a profound transformation in the first two decades of the 21st century it has been fully incorporated into the global economy while excluding regions and populations devalued by the logic of capitalism technological modernization has gone hand in hand with the reshaping of old identities and the emergence of new ones the transformation of latin america has been shaped by social movements and political conflicts the neoliberal model that dominated the first stage of the transformation induced widespread inequality and poverty and triggered social explosions that led to its own collapse a new model neo developmentalism emerged from these crises as national populist movements were elected to government in several countries the more the state intervened in the

economy the more it became vulnerable to corruption until the rampant criminal economy came to penetrate state institutions upper middle classes defending their privileges and citizens indignant because of corruption of the political elites revolted against the new regimes undermining the model of neo developmentalism in the midst of political disaffection and public despair new social movements women youth indigenous people workers peasants opened up avenues of hope against the background of darkness invading the continent this book written by two leading scholars of latin america provides a comprehensive and up to date account of the new latin america that is in the process of taking shape today it will be an indispensable text for students and scholars in latin american studies sociology politics and media and communication studies and anyone interested in latin america today

dark concrete is about how the black power movement reshaped urban politics in the united states from expectations to practices although the national and international dimensions of the black power movement are often focused on kimberley johnson looks at the movement at the local level highlighting newark and east orange new jersey and oakland and east palo alto california and three policy areas housing education and policing she examines how black power urbanism had its own local meanings as it was defined by local activists neighborhood residents parents tenants and others who sought to repair cities and particularly black neighborhoods that were shattered due to urban renewal and highway construction as well as ongoing political and economic disinvestment dark concrete depicts how local conditions influenced the emergence of the black power movement and in turn the ways in which these local movements reshaped urban politics institutions and place

first published in 1998 routledge is an imprint of taylor francis an informa company

intergroup competition and conflict create pervasive problems in human society giving rise to such phenomena as prejudice terrorism ethnic cleansing and interstate war citizens policy makers social workers schoolteachers and politicians wrestle with these problems and with difficult questions these issues pose what causes conflict to escalate how should we manage conflict within communities and also in society at large is conflict always bad or does it have other more beneficial consequences social conflict within and between groups provides an overview of contemporary research from the social sciences on these questions it brings together the research output of a number of leading researchers in psychology management and economics sociology and political science and draws on the outcomes of ten prominent research programs conducted over the past five years the chapters cover a range of fascinating topics including prejudice and discrimination in multi ethnic societies and conflict and negotiation in the field of industrial

relations the authors also consider the possibilities for intervention at the interpersonal intergroup and societal level this is the first volume to provide an interdisciplinary overview of the various scientific approaches to studying the origins and consequences of social conflict it will be of great interest to researchers graduates and upper level undergraduate students from across the social and behavioural sciences

trends can be noted for the past five years and with this in mind the 2015 16 survey will utilize recent data in order to take stock of the impact of instability and conflict and address the foregone growth and output and destructive effects of this period

the undp crisis prevention and recovery report 2008 titled post conflict economic recovery enabling local ingenuity is a comprehensive analysis focusing on three critical factors the importance of local ingenuity to guide recovery the state s role in promoting this ingenuity and the policies needed to rebuild battered economies and reduce the risk of conflict recurrence the study cites examples of countries that have succeeded in rekindling post conflict economies and those that continue to flounder discussing the foundations that are so vital to foster post conflict economic recovery

a readable and comprehensive introduction that examines the key themes in the complex relationships of administrative criminal and civil law to canadian society law and society covers the evolution of modern legal systems current intellectual movements in law the interplay between law law making and social change and the main concerns and issues in the profession and practice of law with plentiful examples and cases it also explores recent theories pertinent new research and emerging trends some of the updates to the second edition include information on contemporary issues such as law and literature the canadian court system anti terrorism legislation and privacy issues drug legislation divorce and same sex marriages discussions of aboriginal peoples and restorative justice have been expanded and there is also a new section on tort law by contributing author gregory brown critical thinking questions have been added to every chapter

the major theme of this book is the influence of the group to which an individual belongs the ground for his perceptions his feelings and his actions
