most of us are introduced to indian food at a restaurant and this wonderful book will teach you the simple effective and time saving techniques used by indian chefs at last you too can bring the flavour of your local curry restaurant to your home and make it your own unlike many cookery books in this book pat chapman s straightforward instructions focus on how to create food with an infinite variety of tastes helping you to cook delicious hassle free meals there is an excellent selection of well tested dishes combining all your restaurant favourites with a liberal sprinkling of recipes you ll find in indian homes with a little practice you will be able to produce snacks meals or even banquets that will delight your family and friends and leave most indian restaurants at the starting gate

how do you come up with the idea to list all the birds in the world including the subspecies and to give all birds english names there is a reason for it my favorite saying whose author is unknown everyone said that s not possible then there was one who did not know that and just did it i am an animal photographer and probably a little bit crazy i ve built a complete animal database for mammals and birds over the last decade this facilitates my work in determining and archiving images and assigning keywords especially among the many subspecies with this book i would like to give all birding friends and ornithologists a complete overview in english for this i have given unique english names to all subspecies the naming should not meet any scientific requirements the names are based on translations from the latin name geographical

distribution areas and the names of the discoverers the entries consist of the scientific name the english name the distribution areas and the author i wish you a lot of fun with this book but especially while watching the fascinating birdlife fotolulu
