this learned and heavy volume should be placed on the shelves of every art historical library e h gombrich new york review of books this is an engaged and passionate work by a writer with powerful convictions about art images aesthetics the art establishment and especially the discipline of art history it is animated by an extraordinary erudition arthur c danto the art bulletin freedberg s ethnographic and historical range is simply stunning the power of images is an extraordinary critical achievement exhilarating in its polemic against aesthetic orthodoxy endlessly fascinating in its details this is a powerful disturbing book t j jackson learns wilson quarterly freedberg helps us to see that one cannot do justice to the images of art unless one recognizes in them the entire range of human responses from the lowly impulses prevailing in popular imagery to their refinement in the great visions of the ages rudolf arnheim times literary supplement

power image and memory examines how leaders and societies have used works of art commemorating historical events to shape collective memory through iconic artworks over centuries and across the globe it explores the power of art to affirm cultural identities and thereby mold social groups and nations

the exhibition program at the aga khan museum is designed to offer innovative cross cultural perspectives on topical issues using the lens of islamic art and muslim cultures as a starting point for examining matters of universal importance and relevance as part of this programming mission the exhibition image the power of the visual tackles no less a subject than the use of the human figure in art in approaching this subject from the vantage point of islamic art we aim to interconnect with some of the biggest questions pondered by artists and their societies across time and space how do we visualize notions of the divine how do we represent power how do we depict the values we admire and finally of greatest concern today how do we portray identity in all its infinite complexities at the same time artists in muslim cultures under specific circumstances have also resorted to non figural means such as calligraphy to attempt visual responses to those big questions by contemplating the choices artists have made in terms of using figural or aniconic imagery in that context we come to understand more about the universal power of the visual and the specific considerations different societies have applied in deciding for or against images in visualizing concepts of profound meaning to them we hope

that image the power of the visual will spark curiosity and awareness around the deeper messages encapsulated in the creation of images particularly in the wake of the global covid 19 pandemic which has led to an unprecedented proliferation of images across the digital world and reminded us of the existential power of art in contemplating the big questions surrounding the human condition

educational practice and theory in the 21st century are struggling with the abundance of digital images in a culture that was for centuries predominantly verbal images present a difficulty but they must be recognized as a blessing rather than as a curse not only emotions but also abstract thought inevitably involve images mental and physical

analyses a wide range of film and still photographs to explore culturally dominant images and how they work extensively illustrated this challenging collection of essays is essential reading for all students of media and women s studies
