este libro es un amplio tratado que recoge los problemas económicos y territoriales más

importantes de la españa de las autonomías ante el umbral de la nueva europa del siglo xxi el libro se estructura básicamente en tres partes en la primera se ofrece una síntesis de la evolución doctrinal de la ciencia regional las teorías del crecimiento regional y los modelos de desarrollo local y de localización industrial en la segunda parte se analizan las disparidades regionales de la economía española en el contexto de la ue tanto por comunidades autónomas como por grandes espacios territoriales y en la tercera parte se estudian detenidamente las diferentes vertientes de las políticas regionales en españa

many european latin american and asian countries have experience with regional policies aiming to reduce regional disparities in gdp per capita and or to develop problem regions helping to recover from its gdp decrease spain represents without any doubt a very rich and interesting case study regarding regional problems and regional development policies the aim of this book is not only to analyze the regional policies practiced their objectives instruments and effects but to provide an in depth analysis on the impact of investments in infrastructure human capital and other factors as well as the advances accomplished in terms of productivity convergence and regional competitiveness the book particularly wants to impart knowledge which can be useful for other countries policy makers as well as for academics researchers and consultants the contributions selected have been written by prestigious spanish academics most of them also having practical experience in the field

de los muchos e interesantes temas propios del campo de la economía regional quizás el que aquí se aborda sea uno de los más difíciles y complejos pero a la vez más necesarios varias décadas de aplicación de políticas regionales han dejado su huella su experiencia la constancia de sus logros y también de sus limitaciones pese a la creciente idolatría del mercado la política regional a seguido conservando un lugar porque la realidad se ha empeñado tercamente en demostrar que en materia de convergencia espacial no podemos fiar todo a la acción de la mano invisible este ambicioso propósito de contribuir a la evaluación de la eficacia de las políticas regionales es el que está en los inicios en el punto de arranque de este trabajo y el que inspira sus principales objetivos planeamientos y desarrollos
