this book is aimed at mrcog candidates covering all aspects of gynaecological oncology

trb s national cooperative highway research program nchrp synthesis 304 driveway regulation practices provides an overview of current transportation agency practices recent literature findings and research in driveway regulation

this book addresses the ethics of situational crime prevention scp it seeks not only to analyse specific scp measures but to demonstrate how ethical analysis can support and improve the

implementation of scp strategies in ethically analysing a particular scp measure it is not enough to look at empirical data even if a measure is effective at preventing crime it may turn out to be ethically unattractive because it harms more people than it benefits or because it violates our right to free movement the book proceeds from the assumption that decision making about whether we should use scps can only be conducted by carefully identifying clarifying and critically evaluating the ethical arguments for and against use of the scp measure in question the author analyses several scp strategies that have not been treated in detail in criminology or applied ethics literatures these scp strategies include gated communities excluding people with a criminal record from housing or employment the use of hostile design in public spaces and the implementation of intelligent speed adaption in vehicles ethics and situational crime prevention is an essential resource for criminologists moral philosophers legal scholars and social scientists with an interest in crime prevention

providing in depth insight into different types of knowledge and skills partnerships in youth justice this book illustrates the importance of collaborative working between academics and professionals drawing on empirical research and practice examples to present expert analysis of knowledge evidence production and utilisation in youth justice original and cutting edge the focus of this edited collection is on different forms of knowledge exchange transfer between professionals and academics in the youth justice context authored by experts in the field each chapter presents a series of case studies showcasing the application of theory evidence to practice and shedding light on the challenges professionals experience when seeking to understand complex theory and make sense of the vast array of empirical data knowledge and skills partnerships in youth justice will appeal to students researching youth justice and criminal justice systems the book will also be useful for practitioners of youth justice as well as policymakers
