the brazilian oil company petrobras is evaluating the acquisition of an
argentine oil company the perez companc group pecom the acquisition would
increase petrobras oil reserves and expand its interests outside brazil a
significant step for the largest company in brazil pecom is for sale because it
has been severely affected by the financial crisis in argentina students have
the opportunity to assess the impact of a severe devaluation on a company
there is also considerable uncertainty about how to value pecom and students
must weigh the importance of country risk in determining the appropriate
discount rate to use in the valuation finally there is also uncertainty about
petrobras s own future as the brazilian government has controlled it students

are allowed to review the efficacy of changes in corporate governance implemented by petrobras despite its ongoing link to the brazilian state and the associated political uncertainties of that affiliation students will consider different methods of valuation and the impact of politics on cross border acquisitions
