a new york times bestseller a revelatory look at how our environment unconsciously yet dramatically shapes the judgments and decisions we make every day most of us go through life believing that we are in control of the choices we make that we think and behave almost independently from the world around us but as drunk tank pink illustrates the truth is our environment shapes our thoughts and actions in myriad ways without our permission or even our knowledge armed with surprising data and endlessly fascinating examples adam alter addresses the subtle but substantial ways in which outside forces influence us such as color s influence on mood our bias in favor of names with which we identify and how sunny days can induce optimism as well as aggression drunk tank pink proves that the truth behind our feelings and actions goes much deeper than the choices we take for granted every day

learn how colors words and symbols unknowingly alter the way you think behave and perceive reality the title drunk tank pink is in reference to the discovery that when jail cells are painted pink it reduces violence among inmates in this book social psychologist adam alter guides us through the many thousands of ways our minds are influenced and manipulated both knowingly and unknowingly as alter puts it your mind is the collective end point of a billion tiny butterfly effects in this summary we ll dive into the ethereal world of the subconscious mind and learn how signs and symbols around us affect how we perceive the world how the behavior of others can change the way we view ourselves how your name can potentially help determine your career and more do you want more free book summaries like this download our app for free at quickread com app and get access to hundreds of free book and audiobook summaries disclaimer this book summary is meant as a preview and not a replacement for the original work if you like this summary please consider purchasing the original book to get the full experience as the original author intended it to be if you are the original author of any book on quickread and want us to remove it please contact us at hello quickread com

drunk tank pink probes the hidden psychological and social influences that shape the way we see think feel and act in the world

drunk tank pink is a particular shade of pink in 1979 psychologists discovered that it has an extraordinary effect if you stare at it for two minutes you dramatically weaken in strength in this brilliant study of the strange recesses of our minds adam alter reveals the world is full of such hidden forces that shape our every thought feeling and behaviour without us ever realizing some letters in product names make us more likely to buy them nearly all successful brands contain a k sound we re more likely to be critical if we write in red rather than green biro your first report at school can determine your future career understanding these cues is key to smarter decision making more effective marketing and better outcomes for our selves and our societies prepare for the most astounding and fast paced psychology book since blink and predictably irrational

i ve loved more blades than people so i ll shoot you through the peephole before i ever open the door sometimes the floor is the only place you can lay your head i could make a summary of everything i ve ever read and you still wouldn t get the picture life s been a mixture of heavy grays and whole days spent looking at my bedroom ceiling is it still just a feeling if it changes who you are i can t remember the last time i looked for shooting stars or wished on fallen eyelashes my memory is full of crashes and i can feel the hardness in my sides this is the story of me my pride and i

what do we think of when we think pink in this richly illustrated homage to the color artist kaye blegvad explores its significance across history and cultures from gender connotations to product marketing symbols and iconography and more through engaging mini essays interactive exercises object studies and interviews readers will learn about a vibrant miscellany of pink facts and pink occurrences like iconic applications of the color from elvis s cars to cotton candy or the etymology of phrases like tickled pink pink slip or rose tinted glasses this ebook will captivate those with a passion for pink and anyone with a curiosity about color

for decades jesse cannon has been pushing creative ideas in music you may know him from writing one of the most popular books on the music business get more fans or from his recording credits on records with the most varied set of bands you've ever seen including the cure the misfits animal collective brand new the dillinger escape plan the menzingers limp bizkit basement leftover crack saves the day senses fail weird al yankovich lifetime say anything nofx flatsound man overboard bad books transit somos cavetown and over a thousand others you may also know his work as the host of the podcasts atlantic records inside the album noise creators and off the record his popular youtube channel musformation as a producer for popular podcasts at rolling stone the daily beast or from his writing at outlets like alternative press tape op hypebot in processing creativity how to write songs people love he chronicles the lessons learned working on all those records and writing about music's most progressive ideas taking on the subject he knows the most about helping musicians fulfill their creative vision the book is the culmination of four years of poring over scientific studies books and thoughts from top creators as well as his own experience to write a book every musician should listen to about what goes into making great music versus what bands do when they make the innumerable bad songs we hear each day covering the pitfalls of creating music the book thoroughly explores the hidden reasons we actually like music how to get along with our collaborators and patterns that help creativity flourish while every musician says that being creative is the most important part of their life they barely explore what's holding them back from making music they are happy with when trying to navigate the ways our creative endeavors fail there's no youtube tutorial listicle or college course that can help navigate the countless creative pitfalls that can ruin your music but after reading this book you will have the knowledge to guide you to make songs the world loves the essential ideas on creating music are detailed in a simple fun language that's littered with quotes and insight from the most innovative creators of our time including how to make highly emotional music that compels listeners to listen again and again effectively dealing with collaborative problems like too many chefs in the kitchen giving helpful criticism or dealing with stubborn collaborators finding inspiration when you have writer's block how to draft your songs while avoiding the common pitfalls of losing perspective and giving up examining the unexpected reasons we enjoy music calming your thoughts so they don't sabotage your music and other helpful tools to help execute your music as best as possible

irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times malcolm gladwell author of new york times bestsellers david and goliath and outliers one of the most mesmerizing and important books i've read in quite some time alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses our families and our sanity adam grant new york times bestselling author of originals and give and take welcome to the age of behavioral addiction an age in which half of the american population is addicted to at least one behavior we obsess over our emails instagram likes and facebook feeds we binge on tv episodes and youtube videos we work longer hours each year and we spend an average of three hours each day using our smartphones half of us would rather suffer a broken bone than a broken phone and millennial kids spend so much time in front of screens that they struggle to interact with real live humans in this revolutionary book adam alter a professor of psychology and marketing at nyu tracks the rise of behavioral addiction and explains why so many of today's products are irresistible though these miraculous products melt

the miles that separate people across the globe their extraordinary and sometimes damaging magnetism is no accident the companies that design these products tweak them over time until they become almost impossible to resist by reverse engineering behavioral addiction alter explains how we can harness addictive products for the good to improve how we communicate with each other spend and save our money and set boundaries between work and play and how we can mitigate their most damaging effects on our well being and the health and happiness of our children adam alter s previous book drunk tank pink and other unexpected forces that shape how we think feel and behave is available in paperback from penguin
