i took two years of latin at grinnell iowa high school and two years of french at cornell college but i never really committed to using these languages however when i spent three years in mozambique i had an opportunity to pursue the portuguese language in an everyday situation when i returned to the u s i studied the spoken and written form of the language with a brazilian speaking partner and developed a useful fluency i then decided to use the basics of portuguese in the study of spanish i had a number of spanish speaking partners did some work assignments in tehuacan mexico and earned an m a from the university of leon using some creativity i was able to read write and converse in spanish as often as i wished in my places of residence in iowa and texas i have written this book of bilingual essays called gringoismos which is a presentation of personal experiences in the hispanic culture as well as some take offs on spanish writings

i like the idea of a sentimental historical approach to articles about grinnell and other topics maybe there is no past or no future only the present i have a good memory which is my main research tool share ideas and establish contact with old friends and others somehow i believe the blogs on aging are of some value to others feedback confirms that it gives me something worthwhile to do too much leisure can

be the booby prize of retirement as can be too much activity this is a collection of essays which i have written and arranged in a reverse chronological order starting with the most recent and moving back in time with the others the main topic of the articles is grinnell iowa my hometown but there are also other subjects discussed they are a historic nostalgic treatment of many facets of life there in the 1940s and 1950s including grinnell college and grinnell high school sporting events customs in the neighborhoods back then and the inevitable topic of aging and life as a septuagenarian the articles on aging are written with my ghs class of 1957 classmates in mind

este libro es fundamentalmente la voz prueba de una enciclopedia aunque ésta es la primera publicación del texto los cinco capítulos del libro tienen la forma la pretensión y la finalidad originaria de ser una voz de enciclopedia el lector encontrará sin duda un panorama extraordinariamente rico de los problemas del derecho probatorio una perspectiva comparatista de esos problemas poco común en la literatura en castellano así como indicaciones bibliográficas abundantes y a la vez cuidadosamente seleccionadas además se han incorporado al libro cinco apéndices que son traducción de sendos artículos del autor algunos de ellos inéditos en castellano acerca de problemas probatorios específicos michele taruffo publicó en 2002 un libro titulado *sui confini* nada más cerca de la forma de estudiar y de los temas de interés del autor que lo que indica ese título taruffo goza de trabajar en los dominios de las fronteras intelectuales allá donde son necesarias amplias dosis de cultura jurídica y filosófica para abordar problemas multifacéticos y el de la prueba lo es sin ninguna duda por eso éste es un libro muy útil para quien quiera adentrarse en los vericuetos del derecho probatorio tanto desde una perspectiva estrictamente procesal como desde la filosofía del derecho tanto desde la dogmática nacional como desde los estudios de derecho comparado

este libro ofrece una sugestiva mirada sobre las complejas relaciones entre verdad proceso y prueba en la que se entrelazan con acierto las perspectivas histórica filosófica dogmática y comparatista su tesis central es que determinar la verdad de los hechos en el proceso es posible y necesario para la justicia de la decisión judicial particularmente en un sistema jurídico basado en el principio de legalidad esta tesis es sólo en apariencia trivial pues se enfrenta en realidad a numerosos adversarios que postulan ya sea de modo general como ocurre con la filosofía postmoderna ya sea en el ámbito particular del proceso como ocurre por ejemplo con las ideologías que lo conciben como una cosa privada de las partes o como un instrumento dirigido exclusivamente a la resolución de las controversias la irrelevancia de la verdad una vez justificada la atribución de una función epistémica al proceso se realiza en el libro un acucioso análisis comparado y crítico de numerosas instituciones del derecho probatorio el lector encontrará así una detallada evaluación de las reglas de exclusión de prueba de las diversas modalidades de asunción de la prueba testimonial de las reglas de prueba legal que todavía subsisten en algunos ordenamientos de los poderes de instrucción del juez y de la alternativa entre jueces profesionales y jueces legos por último el autor se ocupa también de la

decisión sobre los hechos y de su justificación considerando el rol que corresponde a los estándares de prueba a las reglas de carga de la prueba y a la exigencia de motivación para que se pueda decir que esa decisión enuncia la verdad

varios de los personajes de las legendarias series de anne rice las crónicas vampíricas y las brujas de mayfair coinciden en esta novela cuyo enfoque es el vampiro lestat y su deseo de transformarse en un santo mona mayfair arrastrada al reino de los inmortales rowan mayfair que siente una peligrosa atracción por lestat patsy una cantante de música de campo que vuelve para enfrentarse a aquél que la asesinó y el espíritu de julien mayfair comparten las páginas de esta unificación de las dos historias
