each of my books has gotten more intense than the previous one this volume is no
exception it is actually a follow up of my book entitled are christians just saved

sinner's that book dealt in depth with the subject of calvinism plus some other heresies currently plaguing the church this much smaller book deals only with calvinism and covers less doctrinal territory but it goes into an even deeper discussion of the essentials of that long standing heresy most people have no idea of what calvinism really teaches through this little book you are about to find out

the council of nicaea in 325 ad marked the beginning of a new era in christianity for the first time doctrines were organized into a single creed the nicene and post nicene fathers did most of their writing during and after this important event in church history unlike the previous era of christian writing the nicene and post nicene era is dominated by a few very important and prolific writers in volume viii of the 14 volume collected writings of the nicenes and post nicenes first published between 1886 and 1889 readers will find saint augustine's extensive treatment of the psalms augustine took this book from the old testament and wove into it the revelation of jesus as the savior of humanity through the skill of augustine it seems as though the psalms had been written by an oracle who knew that eventually the messiah would come and wrote to pave the way this volume is a valuable reference book for any christian wishing to have the psalms illuminated and explained

but he answered and said it is written man shall not live by bread alone but by every word that proceeds from the mouth of god matthew 4:4 no word wasted is a collection of valuable life lessons with a unique perspective from god's word thirty five stand alone studies are presented in a personal engaging and relatable manner similar to how jesus taught often through parables during his ministry and are based on bible characters nature object lessons and scriptural principles often examining lesser known but profound passages each study ends with a mini commentary based on one significant word from the lesson that the author has chosen to give readers a unique perspective on the topic whether you are a new or lifelong christian no word wasted will help you grow in your faith understand god's character be inspired to read the bible develop a better comprehension of scripture incorporate his word into everyday living know god's peace and unconditional love for you

philip schaff's classic work colloquially known as the early church fathers is an invaluable resource filled with the primary documents and early theological building blocks for the christian church comprised of thirty eight volumes it is broken into three parts the ante nicene fathers and nicene and post nicene fathers first and second series

the first collection of saint augustine's varied writings on human and divine love chosen to reflect his lifelong preoccupation with *ordo amoris* the principle of rightly directed love *my weight is my love* saint augustine writes in the confessions he sees our ability to love as disordered by sin so that we often choose badly what and how to love only by recognizing that we are commanded to love god first can any other object of our love be properly ordered late have i loved thee draws on the riches found in augustine's sermons letters treatises and scripture commentaries as well

as passages from the confessions and city of god augustine 354 430 a d was the most prolific writer of christian antiquity and the most influential theologian in church history in his first encyclical god is love current pope benedict xvi acknowledges his indebtedness to him when we read augustine today we encounter the same direct eloquent passions his original listeners experienced infused with his deep sense of human weakness and burning desire for union with god
