most books on business communication focus mainly on what it is definition nature process form types and so on this book with cases and applications besides concepts shows for the first time how total communication skills can be developed the book propounds that business communication skill is not just a managerial ability it is also an extraordinary trait effective business communication is not just purpose driven it is also a complete strategy thus it is not a speaker or writer who communicates it is the total individual a personality presented in a reader friendly style the book can be effectively used by students faculty and executives for teaching training and self development equally comfortably

this teachable casebook provides an introduction to the law and policy of modern communications the book is organized by analytic concepts instead of current industry lines which are constantly made out of date by technological convergence the basic ideas power entry pricing access classification bad content and intermediary liability equip students with a durable and yet flexible intellectual structure that can help parse a complex and ever changing field this book includes concise technological and legal summaries and carefully edited opinions and fcc reports it also includes just in time delivery of the text of statutes and regulations so that students get accustomed to parsing statutory material as they analyze legal questions in this fifth edition we have simplified wherever possible and minimized technological detail and regulatory history that were slowing down readers without sufficient pedagogical payoff we hope to have created a comprehensive challenging yet accessible text that will pay long lasting educational dividends more information is available at the casebook s website jerrykang.net commlaw comments are always welcome
