excerpt from bookkeeping and accounting exercises vol 1 the need of suitable supplementary exercises in bookkeeping to test the thinking ability of the student has been apparent to me for several years and has prompted me to prepare this series the character of the work is made general in order to cover the ground fully and the exercises are graded in order to bring out the students best efforts some of the questions may seem hard but it has been thought best to make them so because plenty of easy material may be found in the regular textbooks after some careful study and thought however they may not seem so hard as a first glance would indicate no rules are given as they are contained in all leading bookkeeping texts where necessary the teacher should make suggestions as to the proper procedure in working any particular example the exercises may be used with any textbook either for class drills home work examinations or for supplementary work part or all of the questions in an exercise may be assigned for a lesson as the teacher may deem advisable review questions are found every tenth exercise and a general review is given at the end special features of the book are the chapters containing extended discussions of business statements errors and trial balances manufacturing trading and profit and loss statements and auditing these are not covered at any great length in textbooks on bookkeeping and therefore should be of special interest to the teacher and the student journalizing is given only subordinate place as modern systems of bookkeeping make use of the journal to a limited extent the principle of debit and credit and the equilibrium of the ledger however are constantly kept in mind about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

this new edition rechristened investment management text problems and cases is a unique blend of traditional and modern concepts intuitive and quantitative analyses and theory and real world applications while keeping its character intact this new edition incorporates newer material thus this edition will be even more useful to students of mba finance pgdm finance and m com programs and final level students of other professional courses like ca cma cs and cfa investors practitioners and corporate financial managers will find this book to be of an

immensely useful reference
