the curriculum of most schools of chinese medicine is usually broken down into the following topics concerning the theory of chinese medicine physiology of the internal organs aetiology diagnosis patterns of disharmony of the internal organs in addition the acupuncture curriculum is based on the study of the channels and points within each of these topics various parts of the body are discussed for example when studying diagnosis the subject is broken down into interrogation observation palpation and auscultation within each of these broad areas students study the diagnostic elements of specific areas the result is that areas become disjointed and there is nothing to connect elements of channels and points relevant to specific areas giovanni maciocia wrote the energetics and treatment of body areas the vertex with the purpose to turn this attitude on its head and to place areas first so that everything else is subordinate to that this book places the vertex first and each diagnostic and therapeutic element relevant to the vertex is discussed together

depression seems to be epidemic in our society every day we meet people who are

currently on antidepressants on the one hand the discovery of a new line of medications such as zoloft and prozac has made antidepressants easily administered and therefore also over prescribed on the other hand the rapidly growing demands of our cultural evolution submit us to very high levels of physical and emotional stress

chinese medicine has effective answers for the prevention diagnosis and treatment of headaches this book explains the benefits of chinese medicine and covers self care and home remedies including self massage magnet therapy moxibustion aromatherapy chinese patent medicines and herbal teas

chinese medicine is the oldest continually practiced professional medicine in the world and chinese doctors have recognized diabetes as a distinct clinical condition for 2 000 years their research has yielded a wealth of low cost noninvasive natural methods of treatment beginning with an overview of chinese medical theory this book explores the patterns of imbalance that are used to diagnose diabetes also discussed are professional methods of treatment including acupuncture and herbal medicine and traditional home remedies such as chinese teas and self massage special attention is paid to the role of diet exercise and relaxation to the prevention and treatment of diabetes

the first book to take an integrative approach to the treatment of male infertility issues this easily digestible guide uses graphics and visual aids to help explain key concepts in diagnosis anatomy and treatment from a western and chinese medicine perspective dr olivia pojer a western medical doctor and chinese medicine practitioner uses a dual approach to the largely unexplored treatment of male infertility the book covers common causes of the topic the microbiome of the testes and how to encourage better sperm production it also includes chapters on nutraceuticals and laser therapy as well as herbal formulas and acupuncture protocols to implement in clinical practice

along with chinese medical lifestyle and nutrition addressing the so called male factor in reproduction and its underrepresentation in treatment this book provides a complete overview for acupuncturists and chinese medicine practitioners treating male infertility issues

the curriculum of most schools of chinese medicine is usually broken down into the following topics concerning the theory of chinese medicine physiology of the internal organs aetiology diagnosis patterns of disharmony of the internal organs in addition the acupuncture curriculum is based on the study of the channels and points as part of the energetics and treatment of body areas series maciocia turns this approach on its head and places areas first so that everything else is subordinate to that in the energetics treatment of body areas the face maciocia does just that placing the face first and each diagnostic and therapeutic element relevant to the face is discussed together
