this book explores the growth and operations of the japanese restaurant in australia since the early 2000s from perspectives of both restaurant workers and consumers through first hand testimonies collected from chefs restaurateurs gourmets and casual diners it demonstrates how japanese restaurants act as cultural hubs connecting a diverse community of migrants australian citizens and international tourists while also disseminating knowledge of japanese culinary cultures the ethnographic evidence presented challenges the colonialist and essentialist understandings of the exotic and japaneseness as the inferior other to the west in so doing the book highlights the complex manifestations of cross cultural desires translating practices and the performative racial ethnic mimesis of japanese ethnicity featuring critical investigation into the fixed notions of otherness race ethnicity and authenticity this book will be a valuable resource to students and scholars of japanese society and culture particularly japanese food culture

this book tackles the question of border control in and around imperial japan in the first half of the twentieth century with a specific focus on its documentation regime it explores the institutional development media and literary discourses and on 1 the ground practices of documentary identification in the japanese empire and the places visited by its subjects the contributing authors covering such regions as korea manchuria taiwan siberia australia and the united states place the question of individual identity in the eyes of the respective governments in dialogue with the global developments of the identification and mobility control practices the chapters suggest the importance of focusing more than previously on the narrative of individual identification not as a tool for creating nation states but as a tool for generating strengthening and maintaining asymmetrical relationships between people of different socioeconomic backgrounds who moved in and out of empires this book joins the effort in the recent scholarship in migration history to highlight experiences of migrants beyond the transatlantic world and that in east asian history to investigate the space and connections beyond the boundaries of the nation states by bringing together the analyses on the trans pacific mobility and japan s imperial expansion and its aftermath in east asia it shows a complex interplay between state power and moving individuals two forces whose relationships went far beyond simple competition

the in depth analyses presented in this book have a dual focus 1 social mechanisms through which the gender wage gap gender inequality in the attainment of managerial positions and gender segregation of occupations are generated in japan and 2 assessments

of the effects of firms gender egalitarian personnel policies and work life balance promotion policies on the gender wage gap and the firms productivity in addition this work reviews and discusses various economic and sociological theories of gender inequality and gender discrimination and considers their consistencies and inconsistencies with the results of the analysis of japanese data furthermore the book critically reviews and discusses the historical development of the japanese employment system by juxtaposing rational and cultural explanations this book is an english translation by the author of a book he first published in japanese in 2017 the original japanese language edition received two major book awards in japan one was the nikkei economic book culture award which is given every year by the nikkei newspaper company and the japan economic research center to a few best books on economy and society the other was the showa university s women s culture research award which is bestowed annually on a single book of research that promotes gender equality kazuo yamaguchi is the ralph lewis professor of sociology at the university of chicago

trial by jury is not a fundamental part of the japanese legal system but there has been a recent important move towards this with the introduction in 2009 of the lay assessor system whereby lay people sit with judges in criminal trials this book considers the debates in japan which surround this development it examines the political and socio legal contexts contrasting the view that the participation of ordinary citizens in criminal trials is an important manifestation of democracy with the view that japan as a society where authority is highly venerated is not natural territory for a system where lay people are likely to express views at odds with expert judges it discusses japan s earlier experiments with jury trials in the late 19th century the period 1923 43 and up to 1970 in us controlled okinawa compares developing views in japan on this issue with views in other countries where dissatisfaction with the jury system is often evident and concludes by assessing how the new system in japan is working out and how it is likely to develop

japanese semiconductor firms are well known for obtaining dynamics in a short period of time and achieving even global leadership a significant portion of their success are attributable to cooperative interfirm relations and the development of intermediate organizational structure based on long term relationship between firms the purpose of this book is to explain how interfirm relations

contributed to their dynamics during the golden age of the semiconductor industry meanwhile this book clarifies the real source of dynamics in interfirm relations and how the firms have interacted the author concludes that the competitive cum cooperative ccc interfirm interaction are observed quantitative and qualitative findings show that firms enjoy not only flexible cooperation based synergy effects but also dynamics market like effects by creating competition among partners through ccc interaction
