low carbon energy security from a european perspective draws on the european commission s funded project milesecure 2050 it considers low carbon energy security and energy

geopolitics in europe with a focus on four thematic clusters challenging the energy security paradigm climate change and energy security objectives the components of a secure and low carbon energy system energy security in a geopolitical perspective as it relates to economics resource competition and availability and the influence of large scale renewable energy projects on energy security and shifting geopolitical alliances an overarching narrative is that optimizing the energy system simultaneously across different objectives may be impossible i e lowest cost least environmental impact minimal downtime regional supply this book explores these charged topics through insights from a series of novel new energy project case studies and demonstrates the need for difficult political conversations within europe and beyond by posing fundamental yet new questions about the energy security paradigm offers a unique perspective on low carbon energy security by considering the assumptions behind current energy security needs suggests the benefit of envisioning energy security through out of the box scenario development with respect to the energy system includes energy in an international scenario with case studies from africa russia ukraine morocco china south america and europe draws on the european commission s funded project milesecure 2050

in the trente glorieuses era of economic prosperity that followed world war ii italy grew into one of europe s and indeed the world s largest economies while the more tumultuous decades since have resulted in the rise of the italian welfare state italy remains a globally important economic player and important social policy indicator but as of yet it has received little academic research attention this is the first english language book to explore the evolution of the italian welfare state with a particular emphasis on how it has changed since the 2008 economic crisis drawing on a variety of social policies including pension schooling higher education healthcare and taxation policies this collection both offers a broad overview of the italian situation featuring detailed analysis of the connections between particular policies and their outcomes and a comparative approach that frames the italian case within a larger european context

this book brings together 30 papers commissioned from 2011 to 2013 by the eu funded europe china research and advice network ecran these papers thematically grouped in sections on economics society and politics were written by some of the world s leading china experts in europe and give a european perspective of this complex relationship the papers provide a broad overview of how europeans see the key challenges currently faced by china and europe as well as a unique insight into the related policy aspects of the vexed and complex relationship of the two largest trading partners in the world the eu china relationship european perspectives is written in a highly pragmatic manner focusing on specific political economic and social issues that impact on international relations it is an essential eu toolkit and policy handbook for academics and policy makers in government and business who are engaging with china not just in the eu but across the world

a new examination of macroeconomics that deals with topics relating to economic growth unemployment and inflation with particular emphasis on contemporary irish and european

economic issues

analyses the status quo of the process of integration of the western balkan countries in the european union

doctoral thesis dissertation from the year 2021 in the subject politics topic european union grade cumma sum laude course diplomacy language english abstract the aim of this research is to develop a visceral understanding of the politics behavior of albanian state toward the approval and the complex road of entering the european union to come across comparison of albania with developed member countries in european union to for a better contemporary equality drive adopted by modern nations all the research is proposed to be conducted within the normal period of 3 4 years full time study the proposed research is planned to be library based with key resources such as legal political agreement reports theoretical quantitative data collected via cases journal articles but expanded into other sources such as governmental institutions courts and socio legal statistics centers based in political studies its aim is to be combined with empirical data such as interviews of governmental representative different academics politicians public relations specialists from european union eu council albanian government and such there have been evidences of corruption drugs human trafficking and poverty that are strong indicators of the slow progress of albanian state into the european union integration and conducting statistical research into those categories will shed light in so many unanswered questions an analysis focused into rules in books rules in european law approach versus eu law in action combined with a critical doctrinal overview focused mainly in deployment of techniques such as literary criticism and political perspectives

in this second book in a series on european spatial planning the authors examine territorial cohesion as a successor concept to the european spatial development perspective fundamental ideas about europe and its distinct model of society lie behind the concept of territorial cohesion which can be understood as a goal of spatial equity that tends to favor development in place over selective migration to locations of greater opportunity this approach contrasts with an american social model that views the equity principle behind territorial cohesion to be diametrically opposed to the efficiency principle based on free mobility of labor

archaeology of prehistoric art volume 1 atlantic rock art is a rock art tradition which includes emblematic motifs such as cup marks cup and rings and lines known to several countries on the atlantic seaboard design and connectivity springs from an inter regional study of this tradition based on an original and innovative methodology applied to an empirical dataset the project builds on richard bradley s work investigating differences and similarities in atlantic art over study areas in five countries scotland england ireland spain and portugal it applies a multi scalar methodology developed under the principles of relational ontology and assemblage theory providing a dynamic perspective on the empirical data a thorough categorical scheme was scrutinised using a presence absence matrix spatial analysis

fieldwork and gis and the development of social network analysis sna to relate and explore the relationships and connectivity between study areas concepts of developmental psychology support the idea of intentional teaching and cultural transmission

democracy is increasingly the standard against which societies are measured the term democratic culture designates the set of attitudes and behaviours that citizens need to have for democratic institutions and laws to function in practice this is an important development from older perceptions of democracy which focused on institutions laws and procedures it is a recognition that democracy will not function unless citizens want it to function in all countries there are committed individuals aspiring to make their societies better democracies as the secretary general of the council of europe thorbj rn jagland has said on several occasions our societies seek to address 21st century issues through 19th century institutions through contributions by authors from europe north america and other parts of the world this book explores how higher education can help find new ways to develop commitment to public space and societal engagement and make democracy more vibrant

across the globe there are growing efforts to engage men and boys in building more equitable relations with women and girls programs engaging them have proliferated in fields such as violence prevention sexual and reproductive health parenting education and work and the last decade has seen the emergence of national and global campaigns as well as initiatives by international agencies and scholarly research this volume brings together key discussions and evaluations from the field
