approximately 4.7 million designated English language learners attend public schools. Office of English Language Acquisition 2002. It is predicted that by the 2030s English language learners will account for about 40 percent of the school age population. Yet very few teachers have been trained to address the needs of these students and the questions they ask are the same as they asked decades ago: who are English language learners and what are effective ways for schooling them? What kind of educational program brings about the best results? What are sound practices for facilitating English language acquisition? How can English language learners have academic success in subject areas? How do we teach English language learners in our classrooms? p. 5

In this book, a variety of absorbing exercises will help students hone the skills of comparing and contrasting, which are cornerstones in the building of reading comprehension.

Depth matters. Can a mere fifteen words turn today's youth into the innovative, ambitious thinkers we need? Yes, contend Jim Burke and Barry Gilmore, because these are the moves that make the mind work, and students must learn if they're to achieve academically. With academic moves, Jim and Barry distill each of these 15 powerhouse processes into a potent concision that nevertheless spans core subject areas. Before, during, and after sections offer essential questions, lesson ideas, and activities. Student samples illustrate what to look for, and the process for getting there. Culminating tasks include producing an analytic essay, argument, and more. Reproducible rubrics assist with assessment.
