scientific essay from the year 2014 in the subject business economics business management corporate governance language english abstract value chain management vcm is more than a theory it is a strategic business approach that is helping a growing number of businesses increase their long term competitiveness it would be extremely difficult to achieve such competitiveness by operating as an individual business within fragmented value chain the primary purpose of this research is to address procurement and value chain impact on organizational performance

the project provides an informed objective perspective on vcm by demonstrating how value chains and procurement operate at the business level rather than the sector or sub sector level major changes are currently taking place within procurement functions of manufacturing firms procurement is shifting its focus from daily purchasing activities to long term value adding procurement and supply chain activities at the same time it is responding to the challenges and opportunities of electronic procurement e procurement which refers to the utilization of the internet to buy and sell products and services the responsibilities of procurement have changed over the last few decades procurement focused heavily on the transactional elements of the purchasing process procurement was accepted as a support function that provides for the sourcing needs of other departments within the organisation

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873
