in november 1997 the world bank and singapore s institute of policy studies sponsored a conference financing health care and old age security to assess and identify potential solutions to these concerns it addressed a topic of concern to nearly every country developing and industrial that is how to deal with the implications of financing medical care and income security for rapidly aging populations the issues identified and the solutions proposed can provide insight and guidance for policymakers researchers and others interested in addressing these challenges now of special interest are the contributors analyses of singapore s unique integrated approach to managing social risk which is based on mandatory individual savings accounts

health care and its financing will not be harmonized within the european union eu therefore the differences between the health systems of the member states in a single european market are gaining in relevance the process of economic integration also effects health this book integrates economics law social political and health sciences in the analysis of health care issues in the eu it covers the development of health systems and policy in the community the markets for pharmaceuticals and for medical devices eu trends in hospital financing issues in the comparison of financing systems especially in the field of private expenditures reforms of health care financing in social security systems and national health services in the eu and cross border health care between eu member states the results feature an up to date overview on the european dimension of health care and its financing the book is relevant to experts in health care organizations policy industry and research

this book provides health care leaders with basic concepts for transforming their care delivery system into one that is patient and family centered and built on the power of relationships relationship based care provides a practical framework for addressing current challenges and is intended to benefit health care organizations in which commitment to care and service to patients is strong and focused it will also prove useful in organizations searching for solutions to complex struggles with patient staff and physician dissatisfaction difficulty recruiting and retaining and developing talented staff members conflicted work relationships and related quality issues the book is the result of 25 years of experience of creative health care management a nursing management consulting firm founded by marie manthey

many hospitals and health care organizations that were independent freestanding institutions are now part of large health systems that deliver patient care in a variety of inpatient ambulatory and community settings vast changes in the u s health care system are reshaping how librarians provide services to physicians and other patient caregivers as well as to medical and allied health sciences students and faculty twenty one experts have contributed to this groundbreaking text their individual chapters offer specific practical advice on administrative issues planning and marketing financial management space planning collection development cataloging and classification document delivery audiovisual services every aspect of managing today s ever changing health care library required reading for any librarian offering health care information to professionals faculty or consumers

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

stephen shortell one of the country s leading health care management authorities and his team of experts use the most current data available to update their classic book remaking health care in america this expanded second edition includes a clear conceptual framework for health care leaders who must develop more integrative systems of care to meet the challenge of the evolving health care industry the book also provides practical suggestions and myriad recommendations for developing cost effective delivery systems across the united states
