africa

the rapid evolution of technology continuously changes the way people interact work and learn by
examining these advances from a sociological perspective researchers can further understand the impact
of cyberspace on human behavior interaction and cognition multigenerational online behavior and media
use concepts methodologies tools and applications is a vital reference source covering the impact of

social networking platforms on a variety of relationships including those between individuals governments citizens businesses and consumers the publication also highlights the negative behavioral physical and mental effects of increased online usage and screen time such as mental health issues internet addiction and body image showcasing a range of topics including online dating smartphone dependency and cyberbullying this multi volume book is ideally designed for sociologists psychologists computer scientists engineers communication specialists academicians researchers and graduate level students seeking current research on media usage and its behavioral effects

for 40 years this classic text has taken the issue of economic inequality seriously and asked why are our prisons filled with the poor why aren't the tools of the criminal justice system being used to protect americans from predatory business practices and to punish well off people who cause widespread harm this new edition continues to engage readers in important exercises of critical thinking why has the u s relied so heavily on tough crime policies despite evidence of their limited effectiveness and how much of the decline in crime rates can be attributed to them why does the u s have such a high crime rate compared to other developed nations and what could we do about it are the morally blameworthy harms of the rich and poor equally translated into criminal laws that protect the public from harms on the streets and harms from the suites how much class bias is present in the criminal justice system both when the rich and poor engage in the same act and when the rich use their leadership of corporations to perpetrate mass victimization the rich get richer the poor get prison shows readers that much of what goes on in the criminal justice system violates citizens sense of basic fairness it presents extensive evidence from mainstream data that the criminal justice system does not function in the way it says it does nor in the way that readers believe it should the authors develop a theoretical perspective from which readers might understand these failures and evaluate them morally and they do it in a short text written in plain language readers who are not convinced about the larger theoretical perspective will still have engaged in extensive critical thinking to identify their own taken for granted assumptions about crime and criminal justice as well as uncover the effects of power on social practices this engagement helps readers develop their own worldview new to this edition presents recent data comparing the harms due to criminal activity with the harms of dangerous but not criminal corporate actions updates research on class discrimination at every stage of the criminal justice system updates statistics on crime victimization incarceration and wealth increased material for thinking critically about criminal justice and criminology new material on global warming and why black lives matter protests did not cause increases in crime in 2020 expanded discussion of marijuana and drug legalization stronger chapter overviews clearer chapter structure and expanded review questions streamlined and condensed prose for greater clarity

this book provides a comprehensive overview of pedology in ireland it describes the main soil types of the country their functions ecological use and the conditions to which they were subjected associated with management over time in addition it presents a complete set of data pictures and maps including benchmark profiles factors involved in soil formation are also discussed making use of new unpublished data and elaborations the book was produced with the support and sponsorship of teagasc the agriculture and food development authority ireland and the irish environmental protection agency

the future of mass media may appear unpredictable and too complex to fathom but mass media in 2025 takes a scholarly theoretical approach to identifying trends and explaining their possibilities noted contributors approach a variety of media with a solid grounding in the history of each and an eye for which may be vulnerable and which may thrive in the new technological age trends such as interactivity

and niche building will affect everything from the newspaper to public relations and this collection of essays provides a fascinating guide to where the next decades may take us regardless of the visual aural or printed form mass media in 2025 illustrates the degree to which older media will have to incorporate the level of interaction and specialization offered by newer media if they are to survive these effects can already be seen in the proliferation of television channels in the ironic bent of advertising in the rise of infotainment in news organizations this book shows not only how all of this has come to be but also more importantly where it will go
