lose the résumé breaks down every aspect of job hunting explaining what matters and what doesn't the New York Times book review lose the resume and land that coveted job gone are the days of polishing up your resume and sending it out at random at every level today you need to

lose the resume in order to land the right job in other words you have to learn to tell a story about yourself that speaks to your competencies purpose passion and values lose the resume land the job shares the new rules of engagement how you must think act and present yourself so you can win based on inner exploration drawn from the ip of the world s largest executive recruiting firm the book gleans insights and stories the good the bad and sometimes the ugly from korn ferry recruiters across the globe who work with thousands of candidates each day it helps you gain a deeper perspective on who you are what you re passionate about the cultures in which you fit the kind of bosses you should work for and where you can bring the most value to organizations includes assessments questionnaires and other tools candid advice for young professionals through middle managers offers trusted guidance from the same firm that has shown 8 million executives how to achieve their career goals and that puts a professional in new job every three minutes helps you build a plan for the future so you can contribute more to the next employer getting a job and more importantly building a career has never been more complex lose the resume land the job helps you score the positions that align with your passion and match your attributes and that will put you on a trajectory toward bigger and better things

composite materials in architecture

the pilgrimage church notre dame du haut in ronchamp 1950 54 an icon of modern architecture represents one of the central buildings of le corbusier s late period like all the guides in this series this book is indispensable both for a specialist audience and for tourists interested in architecture and modern art

denise scott brown is best known as part of one of the most acclaimed architectural partnerships in modern architectural history denise scott brown robert venturi together with venturi she ran the firm venturi scott brown associates vsba their architectural and urban planning designs theories and publications caused a revolution in the world of architecture their most famous theoretical work co authored with steven izenour learning from las vegas became a global phenomenon that marked the 20th century scott brown venturi were also a married couple however in the traditional male dominated architectural world men were automatically put in leadership positions while the role of women was always underplayed although they worked in equal partnership and made the same contribution the role of denise scott brown in joint projects in the eyes of the public was for decades diminished while venturi was brought to the

forefront and celebrated as a genius she never received due recognition for her work this book is entirely dedicated to Denise Scott Brown and gives her the credit she deserves. It informs readers about her life, analyzes her projects in both architecture and urban planning, and offers a better understanding of her theories. The seven chapters provide a comprehensive insight into the world of legendary Denise and complete the knowledge necessary to understand her as a true and authentic diva of architecture, an innovative urban planner, theorist, and passionate professor. Chapter 8 is a comprehensive conclusion that rounds off the monograph through a shorter review of numerous topics covered in the previous chapters. At the very beginning of the book is a letter that Denise wrote to the author; her words are an authentic testimony of her life after 1967. The book is richly illustrated with a total of 274 photographs, urban planning layouts, and various project illustrations.
