in france comics are commonly referred to as the ninth art what does it mean to see

comics as art this book looks at the singular status of comics in the french cultural landscape bandes dessinées have long been published in french newspapers and magazines in the early 1960s a new standard format emerged large hardback books called albums albums played a key role in the emergence of the ninth art and its acceptance among other forms of literary narrative from barbarella in 1964 to la ballade de la mer salée in 1975 from astérix and its million copies to tintin and its screen versions within the space of just a few years the comics landscape underwent a deep transformation the album opened up new ways of creating distributing and reading bandes dessinées this shift upended the market transformed readership initiated new transmedia adaptations generated critical discourse and gave birth to new kinds of comics fandom these transformations are analysed through a series of case studies each focusing on a noteworthy album by retracing the publishing and critical history of these classic bandes dessinées this book questions the blind spots of a canon based on the album format and uncovers the legitimisation processes that turned bande dessinée into the ninth art

this book looks at comics through the lens of art history examining the past influence of art historical methodologies on comics scholarship to scope how they can be applied to comics studies in the present and future it unearths how early comics scholars deployed art historical approaches including stylistic analysis iconography cultural history and the social history of art and proposes how such methodologies updated in light of disciplinary developments within art history could be usefully adopted in the study of comics today through a series of indicative case studies of british and american comics like eagle the mighty thor 2000ad escape and heartbreak hotel it argues that art historical methods better address overlooked aspects of visual and material form bringing art history back into the interdisciplinary nexus of comics scholarship raises some fundamental questions about the categories frameworks and values underlying contemporary comics studies

in english speaking countries francophone comic strips like hergés s les aventures de tin tin and goscinnny and uderzo s les aventures d asterix are viewed and marketed as children s literature but in belgium and france their respective countries of origin such strips known as bandes dessinées are considered a genuine art form or more specifically the ninth art but what accounts for the drastic difference in the way such comics are received in masters of the ninth art matthew screech explores that difference in the reception and reputation of bandes dessinées along with in depth looks at tin tin and asterix screech considers other major comics artists such as jacque tardi jean giraud and moebius assessing in the process their role in francophone literary and artistic culture illustrated with images from the artists discussed masters of the ninth art will appeal to students of european popular culture literature and graphic art

through each of its chapters polyptych adaptation television and comics examines the complex dynamics of adapting serialized texts the transmedial adaptation of collaborative and unstable texts does not lend itself to the same strategies as other more static adaptations such as novels or plays building off the foundational work of linda hutcherson and gérard genette polyptych considers the analogy of adaptation as a palimpsest a manuscript page that has been reused leaving traces of the previous work behind as needing to be reevaluated a polyptych is a multi panel artwork and provides a new model for analyzing how adaptation works when translating collaborative and unstable texts given that most television and comic books are episodic and serialized and considering that both media are also the cumulative work of many artists this book offers a series of distanced readings to reassess how adaptation works in this field comic book adaptations on television are plentiful and are nearly completely ignored in critical discussions of adaptation this collection focuses on texts that fall outside the most common subjects of study among the corpus and contributes to expanding the field of inquiry the book features texts that are subjects of previous academic interest as

well as studies of texts that have never before been critically considered it also includes an appendix that provides the first list of comic book adaptations on north american television polyptych is a unique and timely contribution to dynamic and growing fields of study the book will be of interest to scholars and researchers in the fields of comic studies adaptation studies and critical media studies more broadly as well as to students undertaking courses on these subjects it will also appeal to comic book and pop culture fans who wish to expand their knowledge on the subject
