christopher hall s book is the best new introduction to linguistics that i have seen in decades it is engagingly written without talking down to the reader and it covers all the subparts of the field in a comprehensive and even handed manner i plan to use it the next time that i teach an introductory course at washington professor frederick j newmeyer university of washington with apt examples from novels and newspapers courtroom trials and telephone conversations the lowly and the mighty his book repeatedly startles as it casts light on language this is a bright humorous and completely accessible tour of 21st century linguistics professor edward finegan university of southern california this book introduces the fundamentals of human language from a linguistic point of view using examples drawn from everyday life to aid comprehension and encouraging critical thinking throughout besides presenting the fundamental building blocks of language and

explaining how these function the book also introduces other key elements of the discipline of linguistics including language acquisition applied linguistics psycholinguistics and discourse analysis packed full of examples this is the ideal introduction to language for those who are interested in studying linguistics have already started a course or just want to study at home

this is an elementary introduction to syntactic analysis assuming no prior knowledge of the subject whatsoever it is intended for students who are encountering such analysis for the first time for those embarking on a longer term study of syntax this will be a valuable and quickly assimilated foundation course for students who will need to use syntax as a basic descriptive tool such as trainee teachers speech therapists or students of literacy style the book provides a framework for their analysis and practice in its use the book begins by looking at the use of generalizations in describing sentence structure and the basis for word categories it then moves through increasingly more complex constructions giving students plenty of opportunity by way of practical exercises to understand the basis of each analysis before moving further the aim of the book is not to explore complex issues of argumentation its emphasis is on practical hands on analysis

finegan s best selling text language its structure and use fourth edition maintains its relevance with new emphasis on the political and social aspects of language including applications to the professions

uses the cartographic theory to examine the left periphery of the english clause and compare it to the left peripheral structures of other languages

this book is based on a typological functional perspective which provides an excellent framework for writing a broadly useful descriptive grammar retuar is also know as letuama tanimuca retuar retuama letuhama ufaina uair is a member of the central tucanoan language family and is closely related to tanimuca though the retuar and tanimuca peoples consider themselves as separate groups they speak the same language with slight lexical differences their location is in widely distributed areas of the amazon basin in southeastern colombia has brought them into contact with other tucanoan and arawakan languages resulting in some grammatical variations besides a brief phonological sketch and description of various aspects of the retuar language the study presents a detailed discussion of parts of the speech the noun phrases case the verb phrase adverbs sentence structure imperatives questions negation subordination and various elements of discourse

a comprehensive guide to full time degree courses institutions and towns in britain
